Defends Mate

Testifying at the "love triangle" murder trial of her husband, Robert I. Miller, 67, prominent Washington attorney, Mrs. Margaret Miller, 42, above, told the court that her husband shot Dr. John E. Lind, whose slaying Miller is being tried in self defense. Mrs. Miller testified that Dr. Lind frequently had the gun in his car. The prosecution had charged that Miller "planted" the gun beside Dr. Lind's body after the shooting, which occurred last February. (International)

PA NEWC Observes

Weatherman now seems to be getting partial. Early this morning the North Hill section got a terrific downpour of rain, while other parts of the city report that no such deluge occurred.

Saturday will be Buddy Poppy Day in New Castle, the annual occasion when poppies are sold to raise funds for the aid of disabled veterans. Poppies will be sold on the streets.

There will probably be a spurt in business at the county treasurer's office in the purchase of dog licenses. Eight owners of dogs were fined \$8.50 after being taken before an alderman on a charge of having unlicensed dogs.

Oiling and resurfacing of the East Brook road has been in progress for several days and is about completed. Some other roads are to get the same treatment in the near future.

On some of the streets where parking is limited to one side of the thoroughfare some drivers seem to think that the regulations were made for somebody else, but not for them. At least numerous cars are found parked on the forbidden side of the streets here.

Strip mine operations in this district appear to be increasing to greater extent than ever. Demand for coal in this wartime period has resulted in huge strip mining programs.

Gradually, practically all of the old one room school houses in Lawrence County are being retired from active service, as centralized school programs are expanded. In many cases the old buildings have been converted into attractive homes. But one of the historic old buildings was not so fortunate. Pa Newc discovers that it is now serving as a double garage.

Attracting some attention was a large high open truck loaded with "golden" field corn, travelling along East Washington street Thursday evening. Some farmer was well stocked.

Today marks the final big event at school for the members of the senior high school class before graduation. It is being observed as class day, which is as usual of a frivolous trend.

Pa Newc noted this morning that the roses in the memorial plot across from the Jameson Memorial hospital, which have been planted (Continued On Page Two)

World Monetary Conference Call Is Issued Today

President Invites 42 Nations To Conference On Post-war Finance July 1

STABILIZATION OF CURRENCY IS AIM
By ROBERT G. NIXON
(U. S. Staff Correspondent)

WASHINGTON, May 26.—President Roosevelt today invited 42 United Nations associated in the war against the Axis to a world monetary conference to stabilize post-war currency.

The invitations were presented on behalf of the President at 11 o'clock this morning to all United Nations and the French Committee of National Liberation.

To Open July 1
The conference will open on July 1 at Bretton Woods, N. H. The parley is expected to last several weeks, the White House said.

The assembly of United Nations notables and financial experts will be officially known as the "United Nations Monetary and Financial Conference."
Secretary of the Treasury Henry Morgenthau will head the United States delegation. Other U. S. delegates will be announced later.
The White House, in disclosing the President's conference call, said that all agreements made at the conference will be submitted later to the respective governments for approval.

The invitations were sent to all United Nations and associated nations. (Continued on Page Fourteen)

Assert Germans Are Retreating In Central Italy

LONDON, May 26.—(INS)—Eye-witness reports reaching the Italian-Swiss frontier were quoted in a dispatch from Zurich today as declaring the Germans appear to be withdrawing "altogether" from central Italy, preparatory to making a final stand in the north. Reuters carried the Zurich dispatch.

Washington Roundup

(International News Service)
There is speculation in Washington political circles today on whether the revolt of regular Democrats in Texas, Louisiana and South Carolina against a fourth term for President Roosevelt may result in the House of Representatives electing the next president. It is conceivable that 41 electors in these states might hold the balance of power in a close election and by refusing to vote either for Mr. Roosevelt or his Republican opponent, keep both from getting a majority of electoral votes. This would throw the election into the House.

Meanwhile, it is disclosed that Supreme Court Justice Frank Murphy favors establishment of a United States free port for refugees, which would permit temporary admission of refugees from Nazi Europe regardless of visa requirements and immigration quotas. Murphy is expected to make a formal statement in a day or two.

As to the war itself, military experts say Japan is showing unmistakable signs of conserving her sea and air power in preparation for anticipated moves into the Philippines and the enemy's home waters. Bolstering this belief are the raids on Marcus and Wake Islands which met virtually no aerial opposition.

On Capitol Hill today Rep. Dewey (R) Ill., says he believes the Montgomery Ward seizure inquiry will produce recommendation for consolidation of government agencies handling labor relations, southern House Democrats are marshaling forces for a last-ditch fight to kill funds for the President's fair employment practice committee and Sen. Clark demands the trials of Admiral Kimmel and General Short not be delayed for more than three months.

Bituminous coal operators are meeting with Secretary of Interior Ickes to discuss release of their mines.

Allied Victory Is Turning Point In Campaign In Italy

By MAJOR PAUL C. RABORG
(Written Especially for N. S.)

NEW YORK, May 26.—The joining of the Allied forces on the main Italian fighting front, the Gustav-Hitler line, with those of the Fifth Army from the Anzio beachhead, marks the real turning point of the campaign for the Italian peninsula, as well as the first great success of the land assaults against fortress Europe.

At no time during World War Two have Nazi ground forces held stronger natural positions, or were more elaborately prepared for defense than they were on the Italian peninsula.

Yanks Advance In New Guinea

Storm Onto Maffin Bay Air-drome In Dutch New Guinea Area

By FRANK ROBERTSON
(U. S. Staff Correspondent)

GEN. DOUGLAS MACARTHUR'S HQ NEW GUINEA, May 26.—American infantrymen, they were paved by low-flying strafing planes stormed onto the Maffin Bay air-drome and today threatened to complete capture of that vital airfield in the Sarmi area of Dutch New Guinea.

Culminating a week-long battle the U. S. forces knocked out Japanese opposition at the Tirofom river and plunged onto the partially-completed airstrip yesterday. They had advanced some four miles from the Tor River bridgehead to the east, and were within three and one-half miles of their next westward objective, the Sawar air-drome.

Heavy Jap Casualties
Heavy casualties were inflicted on the Japs by the battle-hardened Yank infantrymen. On the other hand, despite intense fire from enemy artillery and smaller arms, the Americans suffered only comparatively light losses.

Gen. Douglas MacArthur's communique revealed that, in the Hollandia area, sectors to the East, American patrols killed an additional 151 Japs and took 29 more prisoners on inland jungle trails. "This brought to 3,222 the total of enemy casualties," added the official announcement.

Series of Raids
The communique also announced a series of raids against enemy air-dromes in Dutch New Guinea in which fighter-escorted Havoc attack bombers destroyed or damaged 31 Jap planes on the ground. The targets were the Kamiri and Nambur airstrips in the Scouten Islands, West of Sarmi.
Other planes, medium bombers of Lieut. Gen. George C. Kenney's air force, blasted enemy installations at Waidjel Bay and Cape Kureta at Sumba Island bases against the much-battered Rabaul air-drome on New Britain.

Brief Respite In Europe Bombing

LONDON, May 26.—(INS)—The round-the-clock battering of Hitler Europe by British based bombers paused in mid-stride today, with neither official quarters nor coastal observers reporting the departure of allied warplanes toward the invasion-threatened shores of the continent.

For the first time in many days there were no early reports of night raiders of the Royal Air Force hitting the continent. And the usual daylight raids, carried off mostly by American airmen, also were unreported by early afternoon.

(The Nazi-dominated Vichy radio however declared that allied aircraft raided objectives in the neighborhoods of Lyon and St. Etienne, France, during the night.)
Photographs taken by American reconnaissance planes showed that the recent all-out bombings of occupied France, particularly the coastal areas, have inflicted major damage to railroad lines in those sectors.

Locomotive sheds, roundhouses and trucks were hit heavily, the picture disclosed, with many freight cars destroyed or damaged.
Direct hits on steel works next to the Charleroi yards started large fires and explosions. St. Liege and Brussels in Belgium, "considerable" damage was done to marshalling yards, other photos showed.

Veterans Are Set To Observe Memorial Day

Expect Large Number Will Assist In Observance Of Day Here On Sunday

PLAN PARADE AND PROGRAM

Veterans of all wars will participate in the annual observance of Memorial Day here on Sunday afternoon, when the customary parade to Greenwood cemetery will be followed by a program in front of the post office on the Diamond.
The program is scheduled for Sunday, so that it will not interfere with wartime production in the industries, some of whom will work Tuesday as usual.

This year's observance will bring out a large number of veterans of World War Two, who have been discharged from service and an invitation has been extended by the committee to those home on leave to also take part, honoring their comrades who have made the supreme sacrifice.

Schwensberg Marshal
Gene Schwensberg, veteran of the fighting in North Africa, who has been discharged from service because of the disabilities he suffered there, will be chief marshal, while his aides will be William Dean and William Fied from the marines and navy respectively, who are veterans of the fighting on Guadalcanal.
The parade will leave the Legion Home on North Jefferson street promptly at 1:45 o'clock and will proceed to the Diamond and thence to Greenwood cemetery on the west. (Continued On Page Two)

Graduate 74 At Union High

Commencement Program Is Presented At School On Thursday Night

ADDRESS IS MADE BY REV. J. C. ROSE

Union township high school class of 1944 was graduated at exercises held Thursday evening at 8 o'clock in the high school auditorium. A class of 74 received diplomas and heard the commencement address delivered by Rev. J. Calvin Rose. Subject of the address was "Stop, Look, and Listen."

Honor Students Speak
Charlotte Pagley, valedictorian of the class, spoke on "Does Your High School Record Count?" Subject of the salutatory delivered by Barbara Griffin was "The Challenge to Future Education."
Other honor students of the class are Berdina Mrozek, Martin Evans, Frances Kukarski, and Virginia Chell.
Diplomas were presented by Milton A. Pattison, superintendent of Union township schools.

Sgt. Wm. Dinsmore Dies Of Wounds

War Department Announces Death Of Mahoningtown R. D. 7 Infantryman In Pacific Area

Edwin H. Dinsmore, of R. D. 7, Mahoningtown, received a telegram from the War Department, Washington, D. C., Thursday morning conveying the sad news that his son, Sergeant William Dinsmore had died of wounds, May 14, in action in New Guinea, and that a letter would follow.

Sergeant Dinsmore, age 36, was attached to the Infantry Corps. He had been in the service about three years, and a year overseas.
Besides his father, the late Sgt. Dinsmore is survived by two sisters, Mrs. Francis McGahan, of Mahoningtown, R. D. 7, and Mrs. Chester McClimans, of 612 Arlington avenue, and three nieces and one nephew.

Before entering the service, Sgt. Dinsmore was employed at the Universal Sanitary Pottery Company. The last letter from him was dated April 22, when he said he was safe and well.

IT'S NO VICTORY MARCH FOR THESE NAZIS AT ANZIO

Airmen Smash Fleeing Nazis

German Transport Columns In Italy Are Blasted By U. S. Airmen

BIG CONVOYS ARE PUSHING NORTH

By LARRY NEWMAN
(U. S. Staff Correspondent)

NAPLES, May 26.—American airmen, who in two days battered more than 1,750 German vehicles, described today how they left "every third or fourth" truck burning when they caught fleeing Nazi transports traveling "bumper-to-bumper."

Proof that the Germans are withdrawing northward was given by Maj. Charles W. Cruck of Canton, O.; Lieut. Carl Correll Jr. of Akron, O.; and Maj. Paul Opizzi of Chicago. Their outflank dive-bombed and strafed the Nazi columns yesterday. "We saw big convoys going north, bumper to bumper," they said. "We made pass after pass at them. The Germans jumped out and scrambled under the trucks."

Huge Destruction
"We left every third or fourth vehicle burning. For more than a mile, smoke and flame covered the road."

Japs Fail To Lift Siege In Imphal Area

BULLETIN (International News Service)

KANDY, Ceylon, May 26.—Japanese reinforcements seeking to lift the siege of Myitkyina were severely mauled by Allied forces, Adm. Lord Louis Mountbatten's headquarters revealed today, at the same time placing enemy losses in the Imphal operations at approximately 8,500.

In an official communique, Mountbatten said Jap reinforcements approaching Myitkyina from the west were cut off and suffered "severe casualties."

"Heavy fighting continues," the communique added.
Meanwhile, Lieut. Gen. Joseph W. Stilwell's American and Chinese columns continued their pressure against the entrenched communications center in northern Burma, especially in the northwest.

"At least 8,500 Japanese have been killed in the present operations around Imphal," declared the bulletin, adding that Japanese efforts to penetrate Allied positions in the Bishnupur area, south of Imphal, "failed."

Imphal is the capital of the Indian Manipur state.
QUEEN MOTHER IS 77
LONDON, May 26.—(INS)—Queen Mother Mary observed her 77th birthday anniversary today. Congratulatory messages poured in throughout the day.

Proclamation

I, John F. Haven, Mayor of the City of New Castle, do hereby proclaim and set aside Saturday, May 27th, 1944, as "BUDDY POPPY DAY," under the auspices of the Veterans of Foreign Wars.

The thought of the "poppy" always brings to us the memory of those who gave their lives and those who, in hospitals and at home, are still giving their all. The fact that the manufacture of these "poppies" gives employment to disabled veterans in hospitals and elsewhere, and that the proceeds from the sales is used in relieving suffering in this locality, places a clearly defined duty on every citizen to heartily support this sale.

I, therefore, urge each and every citizen to give freely and liberally that our trust be not violated.
Respectfully yours,
JOHN F. HAVEN,
Mayor.

Shenango High Has Graduation

Class Of 43 Members Receives Diplomas At Commencement Thursday

GENEVA COLLEGE PRESIDENT HEARD

On Thursday evening the class of May 1944 of Shenango high school was graduated at exercises at the school when 43 seniors received diplomas. The class was addressed by Dr. McLeod M. Pierce, president of Geneva College. Invocation by Rev. Earl Collins, of Harmony Baptist church, opened the program. Largely musical, the program included orchestra music and vocal ensemble and solo numbers.

The senior ensemble, with Lauretta Garver as accompanist, sang "Come Where My Love Lies Dreaming," "Minute Waltz" and "Rustle of Spring" were the two selections played by Lauretta Garver. Tresa (Continued On Page Two)

Rome Is Raided, Germans Contend

LONDON, May 26.—(INS)—Allied raiding planes bombed targets in the area of Lyon again today along with objectives at St. Etienne, the Vichy radio reported.

Cisterna Is Only Battered Rubble

Stronghold Of Germans For Months Is Almost Completely Ruined

FARRELL BUTLER MEN GUARD PRISONERS

By MICHAEL CHINIGO
(U. S. Staff Correspondent)

WITH THE ALLIED FIFTH ARMY AT CISTERNA, Italy, May 26.—Fifth Army armor and infantry columns pursuing the Germans inland today drew abreast the German Rome defense line running northeastward through Ardea and Valmontone, less than 20 miles from the Eternal City.

Control Cisterna
American forces were in complete control of Cisterna, on the Apennine Way 27 miles below Rome. Resistance in that German stronghold ceased at 2:30 p. m. yesterday.

The Fifth Army forces which had held the beachhead for four months breathed their first mountain air as they slashed forward in pursuit of the Nazis who suffered heavily in the first three days of the fray resulting from the beachhead offensive. The Germans have lost an average of 1,000 prisoners daily.

The Germans hot-footed it into the hills just ahead of the Fifth Army armor and infantry forces which immediately assaulted the Ardea-Veltri-Valmontone defenses to initiate the battle for the Eternal City.

Cisterna fell after the collapse of a spirited Nazi counter-attack, after which the Americans broke through the German defenses and headed in the direction of Cori. (Continued On Page Two)

Ceaseless Vigil Over German Lines On Eastern Front—Two Nazi Transports Sunk

(International News Service)
MOSCOW, May 26.—Soviet warplanes maintained their ceaseless vigil today over German communication lines, both behind the lines and at sea, after sinking two Nazi transports in the Gulf of Finland.

A formation of aircraft of the Baltic Sea Red Banner fleet sighted today the two transports steaming through the gulf Wednesday and immediately swarmed to the attack. One of the vessels displaced 4,000 tons and the other was a 3,000-ton craft.

Sink Transports
"Our fliers attacked and sank both transports," the official Soviet communique reported tersely last night.
Meantime, an outbreak of local skirmishing on the eastern front resulted in annihilation of some 300 more German troops.
More than 200 Nazi officers and men were wiped out and prisoners taken when Red army forces repelled German attempts to conduct (Continued On Page Two)

Allied Columns Moving Against Last Rome Barrier

Attacking Allied Forces Push Ahead Less Than 20 Miles From Rome

MORE STRONGHOLDS OF GERMANS TAKEN
By JAMES L. KILGALLAN
(U. S. Staff Correspondent)

NAPLES, May 26.—The decisive battle for Rome was launched today with concerted assaults by Allied armies in Italy which overran numerous enemy strong-points inland from the original beachhead below the eternal city and assaulted the last German defense line running less than 20 miles south of the occupied Italian capital.

(Reuters reported in a dispatch from Allied headquarters that one Allied column is 21 miles from Rome, driving for the enemy stronghold of Velletri, a keystone in the enemy's last defense line below Rome. The Allies in this sector were three miles from Velletri, which is 18 miles from the eternal city.)

The last remnants of the Hitler line along the main battlefield were shattered by the Allied Eighth Army which surged through the gaps torn in the Nazi defenses to drive across the Mella river and establish a bridgehead on the north bank.

Fall To Allied Army
The former German strongholds of Cisterna and Littoria on the blasted beachhead defense perimeter fell to the Fifth Army.

Cisterna, on the Apennine way only 27 miles below Rome, fell after hard fighting. The war-torn town was only a shambles when the Yanks entered.

Steam-rolling beyond Cisterna the Fifth Army cut the important (Continued on Page Fourteen)

WITH THE UNITED FORCES OF THE FIFTH ARMY, BOCA Grappa, Italy, May 26.—Italians, cheered by their liberation from the Nazi yoke, pitched in today to aid the movement of Allied columns northward from Terracina through the Pontine marshes to the Anzio-Nettuno area.

Engineers responsible for the unification of Fifth Army forces on the Anzio beachhead and those from the main battlefield got the help of Italian men in moving rocks and shoveling dirt to improve passage ways for the Allied advance.

German Letter Reveals Terrors Of Nazi Retreat

NAPLES, May 26.—(INS)—A letter written by a German reconnaissance commander and revealed at Allied headquarters in Italy today declared that "you simply cannot imagine the trials and terrors of this retreat."

The letter was written on May 18 by the commander of the 115th German reconnaissance battalion. "We're not giving in," he wrote "but our men are so very tired and they have had nothing to eat for three days."

The writer observed that the French opposing his unit were "very good."

A German order captured elsewhere said that effective immediately the word "catastrophe" was to be eliminated from all reports by military commanders. The Nazi high command ruled that the word "emergency" should be substituted instead of catastrophe.

Gen. Eisenhower Given Audience By British King

LONDON, May 26.—(INS)—Gen. Dwight D. Eisenhower today was received in audience by King George at Buckingham palace.

The allied commander-in-chief and the king lunched together after the initial meeting.

leg south of Rome. That statement applies to any fighting which has taken place in the Russian or European theaters of war.

Proof Of Attack Power
The fact that the Gustav and Hitler lines were actually smashed by desperate head-on Allied frontal assaults is proof positive of the driving ability of the war machines of the Allies. Russia has long ago won her fighting spurs, and that all adds up to the fact the fighting machines of the United Nations are unbeatable.

No victory at this time could have produced such wonderful moral effect for the United Nations and against those of the Axis. By now, every country in Europe—contingent, satellite, or Axis, should be asking the question more and more "what is the use of Hitler's futile battle?" and in the reverse, every person of the democracies is saying—"if we can win in Italy, we can win anywhere."

Defend Rome?
German propaganda says that the Nazis will defend Rome. That statement however, means nothing. If the German high command is wise, he will fight a delaying action and get his forces off the peninsula with all the speed possible. However, on the Italian leg the Nazis have shown the same lack of strategic sense that they did in Africa.

The Italian peninsula is and always has been unsuitable for the attacking forces have sufficient amphibious troops and equipment to make landings from the sea on both sides of the leg behind the defenders' lines. After the establishment of the Anzio beachhead it became obvious that for good and sufficient reasons the Allied high command did not wish to invest at that time in further amphibious operations. The same reasons may still apply.

But if the Fifth and Eighth armies could now rapidly hit the Germans by landing in rear of their retreating legions, it might cause the annihilation of the some 20 to 25 elite Nazi divisions supposedly on the peninsula.

Whether or not other assaults from the sea are made, it is to be sincerely hoped that the Allied Fifth and British Eighth armies can continue their pursuit of the defeated Nazis so fast that those enemies will be unable to regain their combat balance.

five miles to the northeast. The area had been effectively blocked by strong enemy forces since Wednesday night.

Nothing But Rubble
Cisterna, on which the eyes of the world were centered for weeks after the beachhead was established, can now be assumed about the dearest of war cities. Nothing is left but rubble.

The beachhead chief of staff, after entering the city which the doughboys had fought for since dawn Wednesday, remarked that he could not understand why anyone would want to hold on to such a heap of ruins so long.

"It's worse than anything I have ever seen," said Lieut. Jimmy Wilson of Louisville, Ky.

The prisoners who filed past were young, short and scared. They came in small groups, joining up into a column as they went forward.

This correspondent counted some 300.

The heroes list of this victorious first round by the forces from the beachhead undoubtedly will be a wartime record. Their achievements already have established a record on the Italian front.

Among the Americans bringing in prisoners were:

Pvt. Hugh Stewart of Butler, Pa.; Pasquale Grassia of Philadelphia, Pa.; and George Cervetbak of Lakeville, Pa., and Pfc. Michael Blasco of Farrell, Pa.

One of the tank crews which blocked the Nazis in a desperate breakthrough attempt included Pvt. Frank Swanson of Philadelphia.

FLEEING NAZIS**

Rome show the Allied airmen destroyed 160 motor vehicles yesterday and damaged 561.

Wellington and Liberator bombers last night concentrated on roads in the vicinity of Viterbo, north of Rome, to top off a day in which the Mediterranean Air Force flew more than 3,000 sorties.

At least 20 enemy planes were destroyed during these operations, from which six Allied heavy bombers and six other aircraft failed to return.

Reconnaissance photographs taken after yesterday's bombing of Lyon, on southern France, showed a heavy concentration of bombs had fallen on the railroad yards and fuel storage depots. At least 180 hits were scored within a 1,000-foot radius of the Toulon rail yards.

turesque wheatlands among the marshes, ran forward in swarms to greet the first Americans who linked forces. They almost buried the troops in flowers and offered the men anything they had to give.

The Yanks were showered with bouquets of multi-colored flowers and were given eggs, wine and other goodies by the near-hysterical Italians who joyfully celebrated the disappearance of the Germans.

There was real rejoicing among the troops themselves who effected the junction after the beachhead forces had held the Germans at bay in grueling encounters for more than four months.

East Brook W.C.T.U. Mrs. John Martin received members of the East Brook W.C.T.U. Thursday evening in her home. Mrs. John Morrow conducted the devotional period.

"Our South American Neighbors" was discussed as the general missionary theme of the evening's program.

Plans were made for a garden party at the home of Rev. and Mrs. Hugh Snodgrass on the afternoon of June 15, when Mrs. S. A. Black and Mrs. J. A. Young will present the program.

A tasty lunch was served by the hostess, aided by her daughter, Mrs. Virginia Rung.

through the interest of the Lawrence County Garden club, are throwing their first blooms. By Memorial Day, the big rose bed, which contains several hundred plants, should be a mass of bloom, as there are many buds showing.

There was a rainbow in evidence about 8:30 o'clock, although it probably escaped most of the citizens. At that time, a light shower occurred, producing the rainbow just above the western horizon.

Another water main leak developed on South Mercer street, Pa. News notes. A few days ago the water was just seeping through the pavement, but yesterday it was bubbling up through a hole. Water company employees started repairs this morning, being held up because of a more serious break on the east side.

Thursday afternoon some baskets of blooming pansies were displayed by an east side storekeeper, near the sidewalk. A couple of girl tots came along, held their dolls close to the flowers "to see and smell them," saying "Ain't them pretty?"

Pa. News is informed that Laurel boulevard, one of the beauty spots of the city, was originally laid out by the Boyles Field Land Company and donated to the city by that company. The Boyles Field Land Company developed the area through which the boulevard runs.

CASTLE HILLS CLUB "LADIES" LUNCHEON

"Ladies Day" events at the Castle Hills Club house, are reaching a new high, and Thursday their initial outdoor luncheon party was a special attraction, served at 12:30 o'clock at tables arranged on the club grounds. Hostesses included Mrs. Lloyd Keely and Mrs. Lauten Slager.

Twenty-two took part in a two ball foursome as the feature. Winners were Mrs. David Aston and Mrs. Charles May.

Thursday, June 1, a similar get-together will take place. The regular luncheon however, being served in the club dining room at 12:30. Hostesses are Mrs. David Lewis and Mrs. Robert Magill.

JUNIOR HADASSAH ELECTS FOR YEAR

Members of Junior Hadassah met Thursday evening at the home of Miss Betty Aronson, Boyles avenue at which time election took place.

Incoming officers for the next year are: president, Miss Dora Winick; first vice president, Mrs. Gilbert Levine; second vice president, Miss Esther Fishkin; treasurer, Miss Shirley Levy; recording secretary, Miss Anne Buntman; corresponding secretary, Miss Betty Aronson.

Plans were made for the visit of Miss Betty Schwartz, president of the Chicago unit and national vice president of the Junior Hadassah, on June 6 for a dinner meeting.

Miss Dora Winick is chairman.

At the close of the meeting refreshments were served by the hostesses and her mother.

NESHANNOCK LADIES AUXILIARY CHANGE

Ladies Auxiliary of the Neshannock township firemen will meet on Wednesday night, May 31, in the home of Mrs. Enor Vaughn, R. D. 3, instead of Tuesday, due to it being Memorial Day.

(Additional Society on Page Six)

"RUSSIAN THEATER" DRAMA FORUM TOPIC

For the final meeting of the season, Drama Forum members of Thursday afternoon at the home of Miss Barbara Schulz, Butte avenue, heard an interesting program on the "Russian Theater."

Miss Schulz traced the growth of the drama in Russia from its beginning at Kiev in the tenth century through its manifestations in Moscow which has remained the headquarters of the Russian theater. Moscow has 40 theaters of which 10 are open at the present time.

In Russia a century ago great respect developed for the theater to the point where it was regarded as a center of learning. An interesting sidelight is the fact that "Rose Marie" has been playing in Moscow for 17 years.

Mrs. Thomas Lindsey gave a resume of "The Cherry Orchard" by Chekhov.

At a short business session Miss Barbara Schulz was elected chairman for the coming year.

Mrs. Lucien C. Black, president of the Lawrence County Federation of Women's clubs, was a visitor at the meeting. The forum will continue next fall.

ALPHA GAMMA DELTAS PLAN FOR JUNE OUTING

Alpha Epsilon Chapter of Alpha Gamma Delta, met with Mrs. Robert Chambers, Highland avenue Tuesday evening, with Mrs. Joseph R. McFate and Mrs. Robert J. Trotter as co-hostesses.

Business was discussed, and plans were formulated for their picnic outing to be held sometime in June. An informal social period brought the evening to a close, with the hostesses serving refreshments.

L. O. L., No. 129

Members of the L. O. L., No. 129, will meet tonight at eight o'clock in Neshannock club rooms, followed by a social hour for members and friends.

FEDERATION JUNIORS' DINNER ENDS SEASON

Federation Juniors brought their season to a close with a dinner meeting at an inn in New Wilmington on Thursday evening. Dinner was served at 7 o'clock. Twenty-two places were set at a cleverly decorated table.

Annual reports for the year were given by committee chairmen. Plans were discussed for bringing to New Castle a series of three children's plays during next fall and the spring of 1945.

Mrs. Ezra D. Marvin, sponsor of the club, was presented with a lovely corsage as was Miss Margaret Brown, retiring president. Presentation was made by Mrs. Francis S. Sowersby on behalf of the club.

Thanks were extended to officers and committee chairmen for their splendid work during the past year. Miss Brown, Miss Janice Bittner and Mrs. E. H. Browning were named as auditors.

After dinner entertainment opened with a hat trimming contest. The creations that resulted were modeled by members in a style now before a New Wilmington bridge club that kindly consented to act as judges. Mrs. Richard Marins was the winner.

Later tables of contract bridge were in play. Prizes were won by Miss Kathryn Bittner and Miss Margaret Brown.

Special guests present were Mrs. Paul G. Dingley, Mrs. Dale Mullen, and Mrs. John Keenaday. Committee in charge of dinner arrangements was Mrs. Francis S. Sowersby, Miss Reba Sines and Mrs. Francis J. Baldauf.

AFTERNOON TEA FOR TRINITY AUXILIARY

On Thursday afternoon at 3 o'clock the home of Miss James Ward Reis, of East street, was the scene of a lovely silver tea given by her for the Women's auxiliary of Trinity Episcopal church.

Arrangements of yellow and purple iris decorated the house and the table for the occasion.

As the program feature of the afternoon, a splendid review of the book, "George Washington Carter" was given by Mrs. W. Keith McFate. Her presentation was much enjoyed by the guests.

Mrs. D. C. Lindsey poured at the tea table that was centered with a lovely arrangement of iris.

Aides were Mrs. Norman A. Martin, Miss Elizabeth Reis, and Mrs. Robert M. Garland.

To Celebrate Golden Wedding At Home On Tuesday, May 30

MR. AND MRS. ELLIS G. RENO

Mr. and Mrs. Ellis G. Reno, of R. D. 1, the Old Pittsburgh road, will celebrate their golden wedding on Tuesday, May 30, by holding an open house at their home on the afternoon and evening of Memorial Day. Hours will be 2 to 4 o'clock in the afternoon and 7 to 9 in the evening.

Mr. and Mrs. Reno were married May 30, 1894, at the bride's home on Cascade street, this city, by the late Rev. J. C. Womer.

Mrs. Reno was Margaret E. Thompson, daughter of James and

Sarah Bales Thompson, before her marriage. Mr. Reno is the son of G. L. and Mary Allen Reno, who were residents of Shenango township. Both have been lifelong residents of Lawrence county.

They have four daughters, Edna, now Mrs. H. L. Coulter, of Ellwood City, Edith, now Mrs. H. L. King, also of Ellwood City, Hazel, who is Mrs. Edward Earl, of Avington, Va., and Mabelle, Mrs. Howard Lawrence, of Camp Campbell, Ky. All will be present for their parents' fiftieth wedding celebration.

BEREAN CLASS HAS PICNIC OUTDOORS

Berean class of the First Presbyterian church was delightfully entertained at the home of Mr. and Mrs. Earl McKissock, King's Chapel road, on Thursday evening, May 25, when a picnic supper was served outdoors to 28 members of the class.

Games and sports were the diversion with prizes of "white elephants" awarded winners.

Associate hosts were Mr. and Mrs. T. M. Love, Mr. and Mrs. Frank Strizzi, Mr. and Mrs. John Alexander and Mr. and Mrs. William Coates.

Another picnic was planned for the June meeting.

WEDDING CEREMONY AT MINISTER'S HOME

At the Highland Heights home of the officiating minister, the Rev. F. W. Parks, a pretty wedding ceremony was performed on Thursday morning, May 25, at 11 o'clock when Miss Grace Eleanor Cook and Earl Stephen Barnes were united in marriage, vows being exchanged in the presence of a few guests.

The bride selected a sky blue suit with white accessories, and her shoulder corsage was of roses.

Supplementing the ceremony, a dainty luncheon was served at the home of the bride's uncle and aunt, Mr. and Mrs. L. E. Shaffer on the Mercer road.

Mrs. Barnes is the daughter of Mr. and Mrs. S. M. Cook of 829 Warren avenue, and the bridegroom is the son of Mr. and Mrs. Stephen Barnes of R. D. 2, Sharon, where he is employed at the J. W. Hasenrue Construction company.

Following a wedding trip, the couple will take up residence in Sharon.

B. A. Club Members

Thursday evening in the home of Mrs. Raymond Cook, Eastbrook street, members of the B. A. club met for a social time. Attention was given to a contest in 500 prizes going to Sam Tomassello, Mrs. Anthony Marino and Mrs. Andrew Piroletti.

The birthday of Mrs. A. Marino was celebrated, when her "secret sister" gift was presented to her. Lunch was a later pleasure, served by the hostess.

Mrs. Robert Biondi was a special guest of the occasion.

In two weeks, Mrs. Arthur Piroletti of Duquesne street, will entertain.

Willing Workers Meet

Mrs. Catherine Jones of Park avenue was hostess to members of the Willing Workers Bible class of the First Congregational church on Thursday evening.

The devotional period was led by Mrs. Dave Matthews, who was also in charge of the business session. Plans were made for a picnic dinner in the grove, at Cascade Park, June 29. On this occasion, families of the members will be guests.

Games were the diversion of the evening, and prizes were awarded to Mrs. Matthews, Mrs. Carl Turner and Miss Margaret Davies.

A delicious lunch was served by the hostess, assisted by Mrs. Griff Thomas.

Nazarene Bible Class

Ladies Bible Class of the Church of the Nazarene, met in the home of Mrs. Bessie Fraley, Wilmington avenue, Thursday evening, for a "Mothers-Daughters" event.

A buffet lunch was served during the evening, and a program was a special feature. The class joined in singing a selection, with their teacher, Mrs. W. W. Walls, leading in prayer afterwards. Devotional were conducted by Mrs. Marie Wheale. An illustrated talk on "The Good Shepherd" was a highlight. A reading was offered by Mrs. John Martin and a duet was sung by Mrs. Paul Jacobs and Audrey McCullen.

Agnes Schaefer Society

Agnes Schaefer Missionary society of St. Paul's Lutheran church met Thursday evening at the home of Mrs. Jennie Kotchish, of 919 Lorraine avenue.

Mrs. George Lewis was leader for the topic, "He Hath Brought Us to This Place." Hymn singing was also enjoyed.

A tasty lunch was served by the hostess and her aides, Mrs. Nate Knight and Mrs. George Lewis.

Next meeting will be in the form of a picnic at Cascade Park June 22, with Mrs. Jerry Nickum and Mrs. Ludwig Appel as hostesses.

Friendly Friends Club

Friendly Friends club will meet on June 2 at the home of Mrs. Frank Kelly, Robinson street.

At a recent meeting of the club at the home of Mrs. Harry L. Cook, Craig street, 500 was the pastime with prizes going to Mrs. Margaret Reese and Mrs. Carrie Calvert. Mrs. Edna Calvert assisted the hostess.

The hostess received birthday remembrances from the club and from her secret sister.

Swift News To Block Herr Goebbels

A 24-page booklet issued by General Eisenhower to his field commanders urges them to give war correspondents swift and complete information on big military events. As a pre-invasion directive it has exceptional significance and importance. It must not be ignored.

Goebbels never lets a single blade of grass grow under his shifty feet when it comes to shooting out "news" of military events, highly colored with Nazi propaganda. In there is a lag of a few hours, or even longer as has happened much too often in the past, between his chattering announcements and the issuance and clearance of Allied communications, the American people will be kept floundering, uncertain and needlessly depressed.

There can be nothing more disturbing than a blank curtain of doubt, especially when major operations are under way. In the forthcoming invasion of Hitler's fortress such a situation would be intensified. General Eisenhower's headquarters, from the tone of the directive, appears to recognize this fully with its declaration, "We have only one counter weapon to Herr Goebbels. That is our war correspondent. If he is insured a constant, speedy and complete flow of news to the United States, to neutral countries and to our Allies, our newspapers and radios will be able to use our own truthful information to counteract that from the enemy."

But this is more than a matter of policy, asserts the Philadelphia Inquirer. The American people are entitled to every scrap of information it is possible for them to be given about the successes and, yes, the setbacks, of the millions of young American fighting men who are soon to deliver their smashing challenge to our foes. They can take all this tremendous task involves and we can and must take it with them—the bitter and the sweet—up to the final hour of victory.

Poor Season For Parks

The national parks, which took a licking last year, will enjoy unparalleled popularity after the war, but tourists will be lacking this summer. Glacier in Montana will not be open to the public this year, and Yellowstone will have limited services available to those who can tour the park under their own power.

This is in contrast to seashore, lake and river vacation resorts, which report bookings far above the experience of the last few years. People this summer will flock to nearby resorts, but gasoline restrictions will prevent them from touring the national parks. Perhaps in 1945 the picture will be different.

Getting Mail To Service Men

If the soldier or sailor you're writing to overseas isn't getting your mail, the chances are that it is not the fault of the postal service. Of the 25,000,000 pieces of mail posted for overseas each week, nearly 3,000,000 pieces lack full and accurate addresses. (Even so, 97 per cent of the 3,000,000 finally are delivered.) You may have received the wrong address from your correspondent through error, or you may have written it so that it couldn't be read or was mistakenly read.

Do your part to speed the mail that our fighting forces want so badly by using the full address, written, or preferably printed, so that there can be no error. A word or a number that isn't clear may send a letter halfway around the world—the wrong way.

Pen Aids The Sword

The figure is 1,264,556,636. It's a big figure, even to those accustomed to reading about the size of the national debt. It represents the number of leaflets, newspapers and magazines dropped by the Royal Air Force over Axis territory in the last four and one-half years.

According to the British Air Ministry, the propaganda items dropped by the RAF total 200 tons of paper a month and average 1,200 a minute. The figures refer only to the activities of the RAF, make no mention of similar operations by the United States Air Forces. Hundreds of planes take part in this leaflet war.

Allied propaganda experts have definite information that the leaflets are widely read not only in Axis countries but by underground elements in occupied lands. Paper is scarce, but the known value of the propaganda service as a potent weapon of war gives it high priority.

Sufficient justification for the extensive leaflet campaign can be found in just one paragraph from a Mannheim newspaper:

"The Englishman sometimes knows the German soul better than we do ourselves, and knows well how to exploit this knowledge in the leaflets which come over with the bombs."

His True Colors

Most of the nations of the Western Hemisphere are republics, at least constitutionally. Most of these nations, following the lead of the United States, have withheld diplomatic recognition from the new military fascist regime in Argentina despite its efforts to gain such recognition.

In view of the evident desire of President Edmundo J. Farrell and his cohorts to be formally acknowledged by the American republics as the rightful government of Argentina, it is interesting to take note of one of his most recent operations in the field of internal affairs.

President Farrell is reported to have caused the arrest of more than a hundred anti-fascist Argentine citizens, including leaders of the principal political parties, former government officials, army officers, physicians and professors known to have liberal ideas. The arrests were carried out by the newly organized federal police, or Argentine version of the gestapo, in an attempt to head off any kind of demonstration or planned resistance to the policies of the Farrell regime.

President Farrell seems determined to drive democracy in Argentina entirely underground. He must be more than a little obtuse or else one of the world's greatest optimists if he expects the American republics to stand by while he pulls off such a Hitlerian roundup and then give him the diplomatic recognition he wants.

Already most of them recognize him for what he is, a fascist, a foe of representative government and an enemy of the United Nations.

Washington Calling

By MARQUIS CHILDS

Stop Dewey Talk

WASHINGTON, May 26.—In the Senate restaurant the other day Senator Robert A. Taft made a bet with a Republican colleague that Governor Dewey would not be nominated at the convention next month in Chicago. Moreover, he is said to have asked odds of only four to one.

The Senator who took Mr. Taft up on the bet was one of Governor Dewey's few active proponents in the Senate. He was astonished that anyone—particularly anyone as calculating and careful as Bob Taft—would risk even a small sum on what seems to most people a certainty.

There are powerful Republicans here in Washington who would like to block Mr. Dewey. They were willing to back him in order to stop Wendell Willkie, but now that his nomination has such an inevitable look, they want to reconsider.

No Other In Sight

The trouble is that no candidate with mounting strength is available on whom they can concentrate. Some of them talk about Governor Bricker, of Ohio. They tell them earnestly that he is showing strength not reflected either in the polls or in the primary returns.

This strength is surely not evident to the naked eye. In the Oregon primary the other day, Mr. Bricker ran third with scarcely more than a thousand votes, although he had campaigned actively in the State. Second was Stassen, with more than 2500 votes, while upwards of 25,000 voters wrote in Governor Dewey's name.

Conservative Republicans are fearful that Mr. Dewey is too liberal. Off the record one of them put it this way: "Why hell only be a better manager of the New Deal."

Others in the Dewey opposition stress the need to think of the Middle West. They complain that a Governor Dewey-Governor Warren ticket would seem to take the Republican revival of the great combat belt for granted and thereby would give offense to millions of loyal Republicans.

This was the line peddled by Colonel Robert R. McCormick of the Chicago Tribune in a recent visit to Washington. The dignified Colonel went so far as to call at the Senate press gallery and there encourage a colleague with political connections. He said that while Mr. Dewey could not be stopped, he might stop himself.

Oddly enough, another publisher, Henry R. Luce, on whom the Chicago Tribune and allied newspapers have poured fountains of scorn and vituperation, takes the same point of view. An editorial in the current Life advises Republicans in deference to the Mid-West to reconsider any first ballot acclamation acceptance of Mr. Dewey.

Complain of Policy

Still others complain that Governor Dewey in his foreign policy speech before the publishers' convention in New York failed to throw in the word "sovereignty." They insist that any candidate must make an emotional bow to Mid-Western sentiment if he wants the Middle-West with him on a program of world collaboration.

The truth is that the Republican Party—exactly like the Democratic Party—contains every conceivable element within it. They aren't parties at all in the true sense, but big sprawling circus tents under which every kind of political juggler is on exhibition.

The best political news in a long time came out of the G. O. P. Party—three-year-old Wayne L. Morse, a college professor, and a former member of the War Relocation Authority, who was named to the Board, defeated Senator Rufus H. Holman for the Republican nomination for United States Senator from Oregon. Senator Holman was a liability any way you looked at him—what sally old Hugh Johnson used to call "a revolting liability."

The issue between them was clearly drawn. Mr. Morse, in his campaign denounced Senator Holman as "a dangerous isolationist," which was probably an understatement. Mr. Holman worked himself up to a pitch of branding Morse as "a New Deal carpetbagger."

It is younger men like Mr. Morse who can reshape the G. O. P. With them in his camp Governor Dewey could justify his criticism of the Roosevelt Administration as tired and cynical.

In my opinion those who believe they can stop the New York Governor are indulging in the rankest kind of wishful thinking. He's too far out ahead in this horse race.

Health Talks

FEVER

The human body is so constructed that it keeps the same temperature all the time. Regardless of the weather or outside temperature, the body heat stays the same. This is called normal temperature.

Whenever the body heat or temperature rises above normal the person is said to have a fever, or to be feverish.

When a baby gets a fever it may have a convulsion. When an adult gets feverish he may have a chill. At different ages the body reacts differently.

It is probably a good idea for mother to have a thermometer. If Dad seems feverish or Peggy seems a little flushed she can find out whether the temperature is too high.

That means that there is something wrong. If mother has some training and experience she may put the patient to bed and try to get him herself. She may decide to get medical help.

HINTS AND DINTS

Sun sets tonight 8:24. Sun rises tomorrow 5:28.

Anyhow, many of the big Democrats are worrying about what may happen this year.

Note in a country newspaper: Due to the shortage of paper, a number of items will be postponed until next week.

There's no fool like the old fool—look at the practice he's had.

High school graduates will have no trouble getting jobs this year. In fact, they can get the jobs they want.

Liquor stores are being robbed in the country now. Some birds just have to have their liquor any way they can get it.

"I'm tired of this routine existence," exclaimed the fraternity brother to his roommate. "Let's do something extraordinary." "Starting... magnificent... something that will make our brains whirl, our pulses throb... and our hearts leap."

"Okay," agreed his roommate. "And so... they studied!"

Eternal vigilance is the price of preventing your friends from taking liberties.

If some women knew just how wonderful they look in slacks—they'd wear skirts.

Knowledge is power until a man reaches the point where he knows it all.

"I told him he mustn't see me any more." "And what did he do?" "He turned out the lights."

A pound of care will not pay an ounce of debt.

There are a lot of folks who insist there is more than one way to skin a cat, but you can never pin 'em down to the recipe.

The old maid's photograph album is filled with pictures of the fellows she could have married.

Two ignorant men who said Japan wouldn't and couldn't harm us are still in the State Department helping to shape policy. Why trust a watchman who failed us?

You can take my word for it: Your reputation is a blend of what your friends, enemies and casual acquaintances say behind your back.

And on the other hand, the cost of the marriage license is only two dollars down... and your salary check every week for the rest of your life.

The heavy spring rains in the mid-west have enabled the robins to get their meat rations without surrendering any coupons or tokens.

Current question of the week: Should the badges of women war workers include their telephone number, too?

Overheard at the Teen Canten: "How do you know that Bill's in love with you?" "Oh, by the way he looks at me when I'm not looking."

Whatever your decision is do not wear mourning for your wedding. I cannot imagine a bride in black. Surely no one would criticize you for dressing as a bride and seizing his small amount of joy on what should be the happiest day of your life. After your wedding you may return to your mourning and wear it for the intended period.

Question: Is it essential for the bride to be given away?—M. M. Answer: Not unless "Who giveth this woman to be married to this man" is asked during the ceremony. In some churches it and in others it is not.

The Parent Problem

By Garry C. Myers, Ph. D.

NEATNESS TO WRITING

When your child begins to print for him, encourage him to do it slowly and carefully. Also emphasize neatness and precision when he begins to write. Avoid suggestions of haste, and when he shows an inclination to hurry, work on yourself to be very calm in your manner and gentle in your speech. Praise him heartily in his efforts to be neat and careful. You will not, of course, set him such high standards of neatness and precision as to dampen his ardor.

Should your child of the fourth or fifth grade write a miserable hand, prevail on him to practice for about ten minutes a day at copying slowly and carefully from a very neat model you will provide for him. Display on the kitchen wall or elsewhere any paper he brings home from school noticeably more neat than most of his written work.

When he begins number work, as in addition, help him memorize accurately each number fact before you have him practice at writing it from memory or doing sums including it. Without criticizing the school, try always to cultivate carefulness and precision in him. Be calm and poised yourself, you will encourage him never to hurry or guess.

Number Cards

A good way is to make number cards in addition to the subtraction, with a single number fact to a card such as 6 with 3 under it, a line beneath the 5 and 11 under this line. Have the child, while looking carefully at this whole number fact, say it over and over: "6 and 5 are 11," until he knows it by heart. This is the learning side of the card.

On the other side of the card appear 5 under 6 and a line under the 5 and nothing more. This is the testing side. Now your child will want to try himself out on the testing-side before he has gone over the learning-side often enough to learn it accurately. He will want to hurry and guess especially if, as often is the case, had been used to doing so at school. The secret of his success will be such carelessness that he will never try himself out too soon or if he does and has the slightest doubt, will look back again at the learning-side.

Urging him to attack not more than four or five of these number facts an evening, and to re-study and review all the old ones he has learned each evening before attacking new ones.

Avoid Haste

We wish the school always guided in this manner also and would avoid all suggestion of haste in number learning. Then addition and subtraction would be easy and accurate and teachers would not be guessing, counting and making mistakes as so many do.

Did you know there are only 100 basic addition facts and 100 basic subtraction facts? Yet few children even of the fifth grade know nearly all of them by heart. Why do parents and teachers have made such a mountain out of a molehill for children is truly amazing.

The same rules apply to spelling. When your child begins to study spelling, lead him to attack only one word at a time and say over and over the letters in it in the right order as he looks carefully at it until he is sure he can spell the words accurately from memory, repeating it with its pronunciation and meaning of course.

But as with the number facts, your child will be inclined to guess and hurry. Mr. Bulletin, House Help for Poor Spellers, may be had for postage by writing me at 235 E. 45th Street, New York City, enclosing a self-addressed stamped envelope.

This by everyone is said: "Speak no evil of the dead!" Now to men instructions come: "Say no evil of the dumb!" Censure not the little man Who is Emperor of Japan. Call old Tojo what you will, But of Hiro speak no ill.

Hiroto's not the one Hate or rage should fall upon. He wears medals on his chest; Is in regal raiment dressed. And at many a pagan shrine He is worshipped as divine. But for all his people's shame Tojo's gang must bear the blame.

Never criticize a chap Just for being born a Jap. He can't help himself, nor can Hiroto of Japan. From the hour that he was born To this very tragic morn, War or peace or come what may, Not a word he's had to say.

Though to Hiro, with the crowd, Tojo's gangsters have kowtowed. They have kept him in truth to tell, Like a prisoner in a cell. There to stay till death shall come, Lonely, pitiful and dumb. Blame the warlike Japanese, But of Hiro—Silence, please!

Legislative Log Jam Keeps Piling Up
Congress Starts Whittling Down Pile
Down More Planes Than Credited With

By HELEN ESSARY

Central Press Columnist

WASHINGTON, May 26.—All the bill-drawers on Capitol Hill are being put to work these days to break the legislative log-jam which must be broken if Congress hopes to adjourn June 20, as planned, to permit GOP members to attend the national convention in Chicago, June 26.

Congress has only begun to whittle away at the 23,000-bill pile. In four and one-half months, only one regular appropriation bill has been enacted. A dozen others must be passed before the July 1 deadline.

In addition, other highly important legislation is waiting to be moved. Price control and wage stabilization laws and the lend-lease act must be renewed before their expiration date, June 30. Discussion of the price control act is currently being held up in the Senate and House banking committees.

Other vital legislation requiring immediate attention includes the 40 billion dollar Army bill, the controversial National War Agencies bill, the second deficiency measure, and the District of Columbia bill. Congress can blast the log-jam, but it will have to work overtime. This means Saturday sessions and longer hours daily.

Tip On Invasion

President Roosevelt's return from Bernard M. Baruch's 23,000-acre "Hobow" Barony" plantation in South Carolina provides a significant tip-off that the Allied invasion of western Europe may be near at hand.

Washington observers were aware that the chief executive would make it a point to be in the White House at the hour Gen. Dwight D. Eisenhower, Allied supreme commander, gave the signal for the assault on Adolf Hitler's Festung Europa.

Mr. Roosevelt will follow every move of the drive, when it comes, in the secret map room in the White House. In this room, there are detailed maps so complete that every movement of Allied troops can be "watched."

Skeptics who believe that American Army fighter pilots might pad their score of Jap planes shot down should take to some of the returning flyers. Maj. Richard I. Bong of Poplar Wis., Southwest Pacific ace with 27 planes officially to his credit, saw Washington newsmen right recently.

Must Give Proof

Fighter pilots must either photograph the Jap plane crashing or disintegrating in the air or another pilot must see the act and back up the claim. In one case Bong shot down a Jap and followed him nearly to the water. He thought his wing man saw the action and neglected to photograph it.

Later, he learned the wing man was on the other side of a cloud and didn't see the action. Bong got credit for a "probable." Thus, Army pilots say the score against their official records reveal.

Jokingly, United States pilots say they must bring the enemy's helmet back before they can prove a "kill." Bong has eight probables, half of which were undoubtedly kills, thus bringing his score at least to 30 or more Japs.

Many capital observers not believe the administration was "scooped" in the Montgomery Ward case.

They cite the sudden surprise release of the Chicago plant from government control and the absence of any further War Relocation Authority orders in support of their thesis.

Secretary of Commerce Jesse Jones was directed to take over the firm to enforce the WLB order requiring extension of Ward's collective bargaining election and any further WLB directives.

Immediately upon conclusion of the election, which the union won, the government released the mail order house. But—this still left the union high and dry without a contract since the old one was extended only through the election. It is long-established WLB policy never to allow a contract to lapse in such a manner but to require its extension until a new one is signed.

LONDON—Prime Minister Winston Churchill: "The principle of unconditional surrender will be adhered to as in Nazi Germany and Japan are concerned."

NEW YORK—William H. WASHINGTON—Gen. Sheng-Chen, chief of a new Chinese military mission to the United States: "China can never be knocked out of the war. Our troops have had seven years' experience and in spite of reverses, our morale is high."

NEW YORK—Bernard Baruch, accepting the gold medal of the National Institute of Social Sciences: "This American earth of which we are a part is worth living on, worth fighting for and worth dying for."

Hints On Etiquette

Don't let your teen-age sons and daughters monopolize your telephone during the early evening hours, just chatting about this and that with their pals. Keep the lines open for the servicemen who want to phone their homes or sweethearts.

LOOKING AT LIFE

By ERICH BRANDEIS

Had a little chat last evening with an ex-glamor girl.

"Never saw you look so happy," I said to her, "how about giving us your recipe?"

"That's simple," she said. "I've gotten off the pedestal and can be myself."

Then she gave me a little idea of what a miserable life a glamor girl leads.

Always on parade, always has to look her best, always has to live up to a reputation.

"You have no idea how good it feels to eat what you like," she said, "and not have to care about taking on a few extra pounds."

She married now, this ex-glamor girl, and expects a baby soon.

"I didn't marry the kind of fellow everybody expected me to marry," she said.

No Playboy

"My husband is just a plain, ordinary chap. Nothing of the playboy about him."

"What a wonderful feeling it is to have a man love you not for your advertising value but because of what's under your skin."

Tells How Yanks Felt As Reunion Occurred In Italy

(Editor's Note: International News Service War Correspondent Frank Coniff landed in the first plane to reach the Anzio beachhead after the beachhead and main fifth army forces joined. In the following dispatch, he tells what the reunion meant to beachhead troops who for four months beat off strong German thrusts.)

By FRANK CONIFF
(U. S. Staff Correspondent)

WITH THE FIFTH ARMY ENROUTE TO ROME, May 26.—To weary veterans of the Anzio beachhead, the reunion of their forces with the main body of the rampaging fifth army caused the memory of the last harrowing four months to fade like a nightmare today.

The epic achievement whereby the beachhead boys joined forces with Lieut. Gen. Mark W. Clark's slashing spearheads for further thrusts at the retreating enemy made the months of sweat and sorrow seem well worthwhile.

What Reunion Meant

What the reunion meant to the men at Anzio was aptly expressed by Pvt. Willie Dawson of Kingston, N. C. Dawson landed at Anzio three days after the initial invasion and remained on the beachhead throughout the winter participating in all the savage fighting. He was among the group which greeted us on our arrival aboard the first plane to hit the Anzio airstrip since the historic meeting.

"Man, it was tough at times," Dawson recalled. "This reunion really takes a load off our minds. You can't imagine how we feel."

The look in the eyes of St. Dan Trull of Corsicana, Tex., gave us some idea of the men's emotion. As Lieut. John J. Corrigan, called "Right Way" because he never misses the mark, set the Piper Cub down on the airstrip a few minutes after the historic meeting at Borgo Grappa, Trull ran up.

"Well, I'll be damned," exclaimed the sergeant. "How did you fellows get here so fast? Did Jerry take a shot at you?"

Elation Is Felt

Heartfelt elation was evident all over the beachhead and the grim atmosphere of tension of the last months was missing. Pilots grinned as they climbed into their planes to harass the fleeing German. The mechanics joked and played ball a few feet from the airstrip.

The happiest man on the field was Gen. Clark, who strode from the operations shack to welcome us before entering a plane for an inspection trip over the battlefield.

A wide smile creased his face as he shook hands and amiably congratulated Corrigan. Discussing the day's fighting, the general said everything looked fine for us. Although Anzio was jubilant, wrecked planes were strewn about and gun emplacements gave no evidence of the winter's ordeal and showed the tenacity of the struggle before the Jerries were bounced back.

As we skimmed low over the tree-tops, we could almost hear the shout from the doughboys in jeeps and the infantrymen trudging behind.

Corrigan said: "This is the happiest moment in the fifth army's life, and you have to give those infantrymen credit. They deserve all the medals in the world."

Says Barbara Isn't Raising Son Right

LOS ANGELES, May 26.—When Barbara Hutton, the Woolworth heiress, took her nine-year-old son, Lance, home with her to live for the six months allowed by the court the following things allegedly happened:

- (1) There was coarse language and misconduct in the boy's presence.
 - (2) He was permitted to swim in icy waters in the dead of winter.
 - (3) He wasn't sent to school.
 - (4) His teeth weren't kept in shape.
- Those were the charges contained today in a suit filed by Barbara's former husband, the ex-Count Court Hauswitz-Reventlow, who went to court to see that he gets in California the complete charge of the boy's upbringing and education he was granted by King Christian of Denmark and the high court of justice of England.

Baptists Elect Woman President

Northern Baptists Name Mrs. Leslie Swain Of Rhode Island As President

ATLANTIC CITY, N. J., May 26.—(INS)—Mrs. Leslie E. Swain, of Providence, R. I., was elected president of the northern Baptist convention today—the second woman to head the organization since it was founded in 1906.

Someone cast a vote for Mrs. Eleanor Roosevelt for the presidency of the convention, and the announcement drew laughter from the 3,000 delegates.

The new president, who succeeds the Rev. Joseph Chandler Robbins of Newton Centre, Mass., is the wife of a professor at Brown University, and a graduate of Pembroke college, a woman's college at Brown.

The Rev. J. B. Smith, of San Diego, Calif., was elected first vice-president, and J. C. C. Howell, of Chicago, second vice-president.

Re-elected corresponding secretary were the Rev. J. C. Hazen, of Summit, N. J., recording secretary, Rev. C. M. Gallup, of New York, treasurer, H. J. Manson, of Brooklyn, N. Y.

Got Two Zeros With One Shot

KANDY, Nev., May 26.—(INS)—Warrant Officer C. W. Watt, of (Orten Avenue) Toronto, a Hurricane pilot with the Tactical Air force, was disclosed today to have killed two birds with one stone—or to be specific, two Zeros with one shot.

Watt knocked down one of two Japs who attacked him in the Burma area. Army patrols reported that the first Zero, in falling, struck the second Japanese plane and both crashed to the ground together.

Self-Defense Is Claim Of Slayer

EVERETT, Pa., May 26.—(INS)—Mrs. Cleo Melotte, 30, today claimed self-defense in the fatal shooting of her neighbor, Mrs. Charlotte Zigler, 29-year-old mother of two. Bedford County Coroner Vernon Geisel reported that Mrs. Melotte admitted to state police she had fired a 22 caliber revolver, but insisted she fired only after Mrs. Zigler threatened to kill her with a 16-inch-long piece of lead pipe.

Governors Of 38 States Will Meet

Conference Of Year To Occur At Harrisburg On May 28-31—Many Issues Foreseen

HARRISBURG, May 26.—(INS)—Speedy prosecution of the war and postwar problems of reconstruction were slated today to be the major topics for the 38th annual governors' conference at Harrisburg and Hershey May 28-31.

Thirty-eight chief executives have notified Gov. Edward Martin that they will attend the four-day session in addition to Charles Harwood, governor of the Virgin Islands.

The conference will get underway when the governors assemble in Hershey at 3 o'clock Sunday afternoon. Shortly afterward, the heads of the states will be driven to the 16,500-acre Indian Gap military reservation to witness a military parade and review.

The Sunday program will end with a buffet supper and reception at the military reservation, located 21 miles from the state capital. The governors, their wives and staffs will stay at the million-dollar Hershey hotel.

Gov. Saltonstall Presides
Gov. Leverett Saltonstall of Massachusetts, chairman of the conference, will preside at Monday's session in Hershey. Governor Martin will deliver the address of welcome.

Gov. Thomas E. Dewey of New York and Gov. Herbert R. O'Connor of Maryland will address the governors Monday evening.

Bernard M. Baruch, elder statesman and adviser to the Office of War Mobilization, will discuss industrial reconversion at Tuesday's business session at the state capital.

A colorful Memorial Day observance will take place on the Civil War battlefield at Gettysburg Tuesday. Highlighting the ceremonies at the nation shrine will be addresses by Governors Saltonstall and J. Melville Broughton of North Carolina. The ceremonies will be broadcast over a nationwide network and to American service men overseas.

The chief executives and their wives will be guests of Gov. and Mrs. Martin at a luncheon in the executive mansion before departing for Gettysburg. A brief meeting will mark the end of the conference Wednesday.

GROVE CITY SOLDIER REPORTED MISSING

War department officials made public today the names of 536 U. S. soldiers missing in action in the Mediterranean area and the next of kin notified. The list included among others the name of Sergeant Norman R. Reed of Grove City. Mrs. Maude Lauderdale was listed as his grandmother and next of kin.

HIS MASTER PAYS

KNOXVILLE, Tenn.—(INS)—Wolf, a German shepherd dog owned by V. L. Nicholson of Knoxville, goes home by taxi when he takes the notion. Wolf goes to the nearest taxi station and hops in a cab. Knoxville drivers all know him. Nicholson pays the bills.

COULDN'T REMEMBER

VANCOUVER, B. C.—(INS)—

Confirming the legend of the absent-minded professor, Dr. A. F. E. Clark of the University of British Columbia kept a discussion club waiting 35 minutes to hear him speak.

When telephoned by the chairman of the club, he explained that he had lost the letter inviting him to speak, and could remember neither where the meeting was to be held, nor whom he should contact about it.

Nearly 43,000 Tin Cans Turned In By School Children For Week

Once you get the kiddies sold on doing a job, they really produce. And not for just a few weeks either. Although school is nearly over, baseball, swimming and fishing are here to take away their interest; and the tin can radio programs have been concluded for the year, it makes no difference to the school children of New Castle. The tin cans keep rolling in as usual. This week nearly 43,000 of them were delivered to the public school buildings.

Rose avenue, headed by West Side last week by the close margin of one can per pupil, really took away the honors this week. While each of the two schools made the 100 percent participation, Rose avenue turned in a much larger collection. Thaddeus Stevens was highest among the larger schools. For individual leadership, Elizabeth Harper was city leader with 2090. At Rose Avenue, Genevieve Walters, age 8, was highest with her collection of 500 cans. At Thaddeus Stevens, Glennia Yono, age 10, grade 6, led her schoolmates with 280. Arthur McGill turned in the best school collection, 6549. The pupil winner at McGill was James Hyde, age 7, grade 1. James collected 431 cans for the week. The final collection for the school year will be made in the schools next Monday. Below are totals for the week:

Group 1		
(Schools under 300 enrollment)		
School	Tot. Cans	Pct.
Rose Ave.	6039	100
West Side	4177	100
Croton	1072	22

Group 2		
(Schools over 300 enrollment)		
School	Tot. Cans	Pct.
Thaddeus Stevens	431	97
Arthur McGill	6549	88
Lincoln Garfield	4257	86

Boy Scout Camp Gets Spring Repairs

Painting, Roofing Under Way; Scouts Enrolling For Summer Camp Already

Improvements in the Boy Scout camp on the Slippery Rock are now under way, according to Thomas Allen, scout executive.

Walls are being painted, roofing is being repaired, and McConnell cabin is getting new flooring and celotex insulation. Given to the Scouts by the Rotary club, McConnell cabin will be used for winter camping and scout leader training.

Twenty-five scouts have already enrolled for camp, getting the registration well started. About one hundred boys each of the five weeks is the capacity of the camp, Mr. Allen estimates. Many of the scouts are paying their camp fee in installments, by buying stamps each week. The stamps and booklets are supplied by scout headquarters and are sent out only on demand. About 500 requests have been made.

As usual Scouts will take part in the Memorial Day parade, on May 28.

Each troop is to have its own flag and the American flag with it. Troops are assigned to the various cemeteries throughout the city and county on Memorial Day, to help carry flowers, clean graves, and to bring water.

Washington Faculty Plans Picnic Dinner

George Washington Junior high school's faculty is planning a picnic to be held Thursday, June 1, in the garden of Mr. and Mrs. B. K. Thacker, 28 Knox avenue.

An annual event, the picnic dinner will be at noon so that teachers will be able to get back to school to finish up their work.

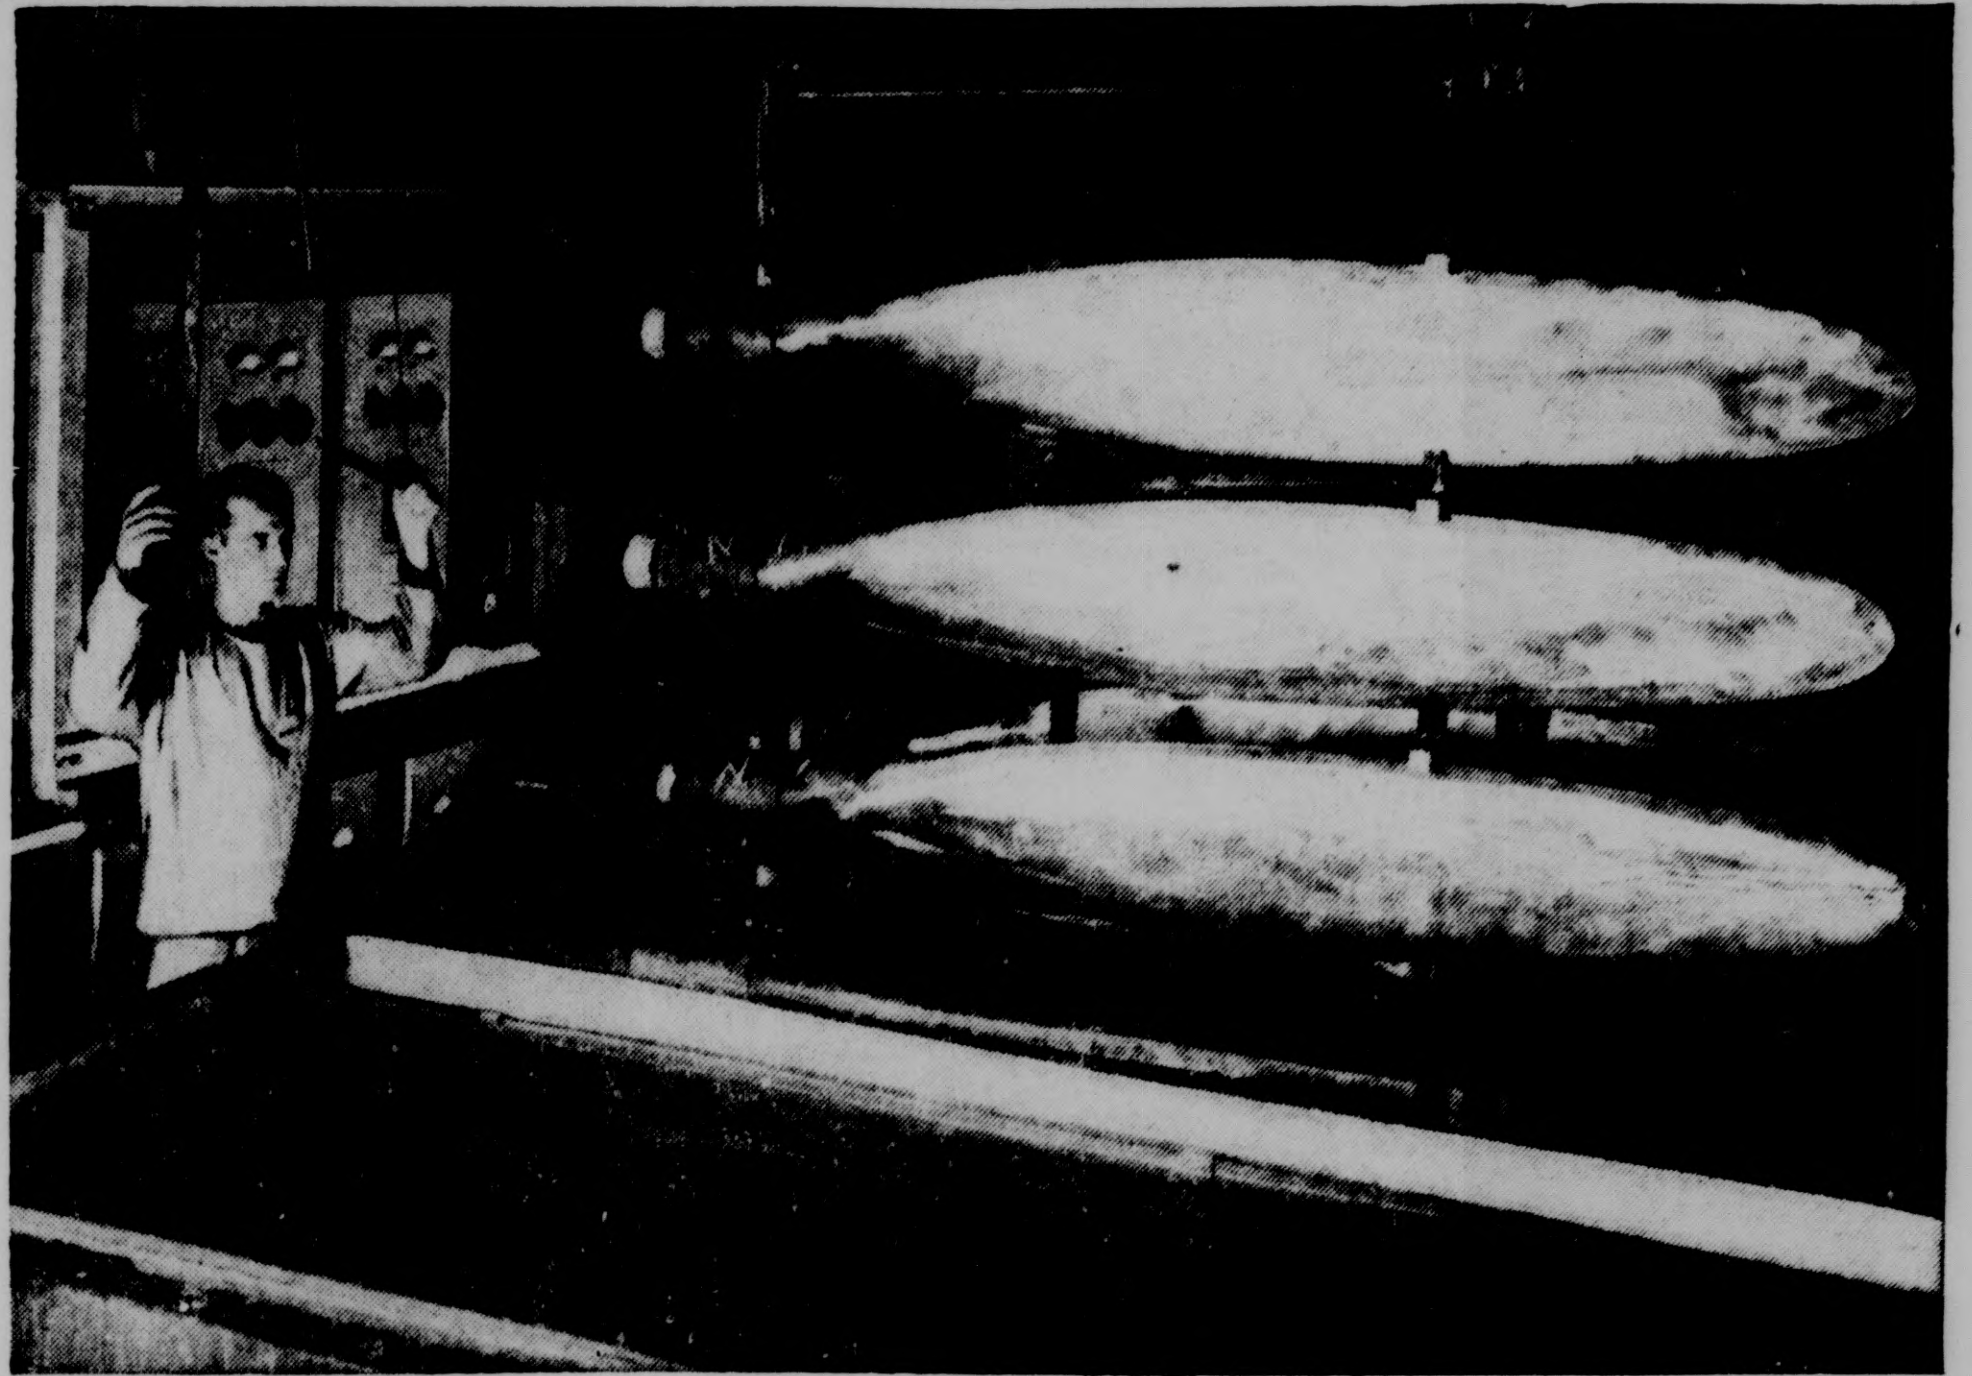

Miss Nettie Mann is the chairman of the picnic committee. Other members are: Miss Jessie Jenkins, Miss Jean McGeorge, Miss Ann Rice, Arthur Alexander, Arthur Walker and Ralph Wadding. Special guests will be Mr. and Mrs. F. L. Burton, Mrs. Harry Davies and son Roger, William Dixon, and husbands and wives of faculty members.

OCD NOTES

At meetings held in the state capital this week, representatives of the city OCD heard plans outlined for the coming canvass of this state so that all persons in the military service can vote in the coming elections. By an act of legislature passed May 1, the task was assigned to the OCD. The members will obtain the military address of persons in service. They will fill out cards with this information. The cards will then be given to the proper persons who in turn will put them in the hands of county election officials. These election officials will sort the cards and cause a ballot to be mailed to the person in military service in time for her or her to vote and get the ballot back to same election officials before the dead line on the coming election. No other information is to be taken. Politics is not to be discussed.

A meeting is to be called soon to inform all group leaders, along with individuals of the groups of the task to be done. At this meeting the OCD expects to have samples of the forms, along with all needed instructions for this work.

Wardens Post 8-1 will meet at the post headquarters Sunday at 2 p. m. to assist in the handling of the crowd expected at the crowning of the May Queen, St. Vitus church, both afternoon and evening. The senior warden asks that all members be present.

REASONS FOR DIVORCE
PITTSBURGH—(INS)—Wartime conditions are not responsible for Allegheny county's high record of 3,259 divorces last year, according to the judges of the desertion and non-support court. Lois M. McBride and Benjamin Lencher, Judge McBride believes it is the aftermath of depression years which is causing the

marital break-ups. "Homes were caving in before, and the war simply gave them the extra kick," says Judge Lencher.

STILL HARD TO GET
WASHINGTON—(INS)—Although penicillin is being manufactured by 13 American and two Canadian firms in continually increasing

amounts, the supply is still too small to supply the armed forces of the Office of War Information reported. This means the army and navy will have first call on the drug for some time to come, officials said.

New Unrest At Jap Segregation Center In West

SAN FRANCISCO, May 26—(INS)—The Tule Lake segregation center in northern California was reported to be in a state of unrest today following the death of Schoichi James Okamoto, 30-year-old Japanese-American, from a rifle bullet wound inflicted by an army sentry.

As word of Okamoto's death spread throughout the camp, Jap truck drivers working on construction and farming projects refused to take their vehicles through the gates of the camp, department of interior officials in San Francisco said.

War relocation authority officials at the segregation center did not view the truck drivers' action as a strike, but as a protest against work assignments which would require internees to pass through the gate where military sentries are stationed. Okamoto was fatally shot at the main gate of the camp after a heated argument with a sentry.

Project Director Ray R. Best of the Tule Lake camp issued a statement which was read to the 14,000 Japanese internees, expressing the WRA's regret over the killing of Okamoto. Best assured the internees that they will be apprised of the findings of a special army board of inquiry which is investigating the incident.

Meanwhile, nine male Japanese at the camp, which was the scene of numerous disturbances last November, were placed in the isolation compound for intimidating several families that had refused to send their children to Japanese language schools at the center.

Labor Relation Agencies May Be Consolidated

By WILLIAM THIES
(U. S. Staff Correspondent)

WASHINGTON, May 26—Rep. Dewey (R) Ill., sponsor of the house inquiry into the Montgomery Ward Chicago plant seizure case today believed the investigation would produce a recommendation for consolidation of government agencies handling labor relations.

The Chicago Republican, who made the proposal early in the public hearings which now are recessed until June 6, disclosed that a number of committee members—including some of the majority—have indicated they would support his suggestion.

"We must remember that we have eleven million boys who are going to come back from the armed forces to augment our labor force," Dewey declared. "We are giving a lot of thought to reconversion of war industry and termination of war contracts. So we ought not to overlook streamlining our labor relations machinery, which is equally important."

Dewey noted that four government departments and five agencies are now dealing with labor-management relations. He listed them as the justice, war, navy and labor departments, the national labor relations board, the war labor board, war manpower commission, selective service and office of economic stabilization.

Harold Bell Wright Worked In Quarries Near Lowellville

Harold Bell Wright, famous author, whose death occurred Wednesday in California, was for several years of his lifetime a resident of Lowellville and employed in the quarries in that vicinity, according to the Youngstown Vindicator. The paper relates the following:

Mr. Wright, who achieved literary fame quickly in 1903, was first a pastor and painter. He was born in Rome, N. Y., in May, 1872. He attended Hiram college and after two years of study went to Lowellville where Rev. Roland A. Nichols was conducting evangelistic services. Rev. Nichols conferred with the late George Erskine, owner of a farm and quarry in Lawrence county, and it was decided that Mr. Wright would work at the quarry and live with the Erskines.

Mrs. Arthur Cunningham of Lowellville then Marcia Erskine, remembers that she gave up her room to him. After two years, Wright left

for his own quarters in a company house at the quarry, finally moving into Lowellville to teach art. He taught Mr. Erskine to paint and Mrs. Cunningham still has a picture of daisies signed by Mr. Wright. He attended the Christian church, often lead a Sunday school class and sometimes preached.

In his letters "To My Son," Mr. Wright referred to his quarry experiences. After about four years in the Lowellville district, he built a raft and headed down the river to the Ozark mountains. Mrs. Cunningham visited him at his ranch at Escondido, Calif., in 1940.

Apparently many of the ideas and names in his stories were drawn from Mahoning valley for he referred to the area occasionally. His letters also reveal that he worked in a quarry in Mahoning valley.

Many pictures which he painted during his stay in Lowellville are still there. One of his books, "Helen of the Old House," is drawn from Lowellville and is about a resident still living there.

Heinz And Wife Battle For Child

LOS ANGELES, May 26.—(INS)—A bitter court battle revolving around a four-year-old child was foreseen today as Clifford S. Heinz II, pickle fortune heir, and his socialite wife, Mrs. Elizabeth Heinz clashed over the custody of their son, Clifford S. Heinz, III.

In the opening day of testimony Maurice Rose, Mrs. Heinz' attorney attacked charges by the pickle heir that she once tried to trade her unborn child for a cocker spaniel.

"Is it your testimony that she signed a document that she would give you the custody of the child when and if born if you would give her custody of the dog?" Heinz was asked.

"Yes," he replied, "And I realize I am under oath."

"What became of the document?" asked Rose.

"I regret it's lost and I can't find it," said Heinz.

Rose said in his opening statement that he would prove Walter Von Neuderg, with whom Heinz has charged his wife with having intimate relations, was "planted" completely nude in Mrs. Heinz' room by Heinz and that Von Neuderg was paid for his actions by the pickle scion.

India has the largest single steel plant in the British empire.

Class Day At Senior High

Program Presented At School This Morning—Picnic At Cascade Follows

Senior students of June, 1944, high school class, came right up to the minute with "Intermission on the Swing Shift" as the theme of their class day program this morning in the high school auditorium.

With Jack Winter as master-of-ceremonies, the program moved along with the swiftness typical of work in an airplane factory. In the background was a large twin-motored bomber, the P-38, could be seen. Smaller plane pictures and factory posters decorated the rest of the wall space.

This setting was the original work of an art committee made up of Dolores Strehler, chairman, Sonja Raff, Christine Christos, Edna Nunn, Ruth Wilson, Jeannette Miles and Mary Martine.

Blue and white caps and pennants were waved during numbers played by the class day band, and blue and white decorated cars waited out front to take the 320

Armour Ideas Make the Most of Meat

Armour's Star Ready-To-Eat Meats . . . Delicious!

It's a grand idea for supper on a broiling hot night. You can fix it in a jiffy, using slices of three different Armour's Star Ready-To-Eat Meats. It's cool and refreshing for your family or guests and as nourishing as a meat meal can be. For Armour makes these meats of fresh, wholesome, choice cuts. They're delicately seasoned thoroughly cooked, all ready to slice and serve.

In center of large chop plate, place three green peppers or tomatoes which have been hollowed to form cups. Fill them with gherkins, stuffed olives and

pickled onions respectively. Around edge arrange chilled slices of Armour's Star Old Fashioned Loaf (a blend of beef and pork) and Armour's Star Braunschweiger Liver Sausage. Alternate with Armour's Star Bologna Roll—made by simply spreading slices of bologna with a mixture of cream cheese and horseradish, rolling and fastening with toothpicks. 1 lb. to 1 1/4 lbs. of Armour's Star Ready-To-Eat Meats will serve 4 people generously. Try it tonight.

Make CLOROX CLEANLINESS a basic step in even your busiest house cleaning schedule!

WHY TAKE CHANCES?

When it's CLOROX-CLEAN it's hygienically clean!

DURING these busy days it is often necessary to cut corners in housework. On such days it is always well to remember that it's safer to skip the less important jobs than to neglect a basic sanitary step that provides Greater Home Health Protection. Clorox is the easy, efficient way to sanitary home cleansing... it's a basic step in home hygiene. And today, Clorox-Cleanliness is more important than ever, because there are fewer civilian doctors. Clorox has intensified germicidal efficiency. It also deodorizes, removes stains in routine

cleansing of tile, enamel, porcelain, linoleum, wood surfaces. Clorox is ultra-refined, free from caustic, an exclusive, patented quality feature. Clorox has the same full strength, the same high quality standards, today as always. As an added safeguard to family health use Clorox in kitchen and bathroom cleansing and in laundering. Simply follow directions on the Clorox label. There is only one Clorox... always ask for it by name.

Japan Saving Her Sea Power

Believe Japan Fearful Of
Huge Allied Attacks On
Philippines And
Homeland

U. S. CARRIER RAIDS LITTLE OPPOSED

By JOSEPH A. BORS
(U. S. Staff Correspondent)
WASHINGTON, May 26.—Japan
displayed unmistakable signs today
of conserving her sea and air power
in preparation for anticipated
American and Allied moves into
the Philippines and the enemy's
home waters.

Latest developments which bol-
stered this growing belief were the
recent carrier task force raids upon
enemy positions in Marcus and
Wake Islands. American planes met
virtually no aerial opposition in
these assaults.

Little Opposition
Although Marcus is only 1,175
miles from Tokyo, the American
task force which hit that point in
a two-day assault last week-end
found only two enemy aircraft in
the area.

This was considered highly
significant in naval circles due to
the fact that Japanese aerial op-
position has virtually disappeared
along the enemy's entire out de-
fense perimeter from the Kuriles
to Java in the East Indies.

The Allied carrier task forces
which hit Japanese-occupied Sur-
abaya in the East Indies last week
met very little enemy opposition in
the air although that naval base is
considered vital to the enemy.

Evident Elsewhere
The lack of Japanese aerial op-
position has been evident throughout
the Pacific wherever American car-
rier-based planes and land-based
aircraft have struck during the
past few months. This includes such
important Jap bases as Truk, Palau,
Saipan, Marcus, and Java, as well
as the New Guinea area.

Probably the bulk of the once
powerful Jap air force has been
called back to Japan proper in
preparation for anticipated aerial
assaults upon Nipponese industrial
centers.

The Tokyo radio has been warn-
ing its listeners lately that they
must expect bombing attacks upon
their homes and industries by long-
range land-based planes from
China and the Aleutians as well
as powerful aircraft carrier task
forces. The latter have been roam-
ing the Pacific at will with virtually
no opposition.

The remnants of Japan's once
powerful fleet also are believed to
be hiding deep in the Philippines
and in Japanese home waters. The
imperial navy has not seen fit to
accept any challenge from Amer-
ican warships on a large scale since
the battle of Guadalcanal in No-
vember, 1942.

The latest foray by United
States subs resulted in the sinking
of one Jap destroyer, and 14 supply
vessels, including three tankers. In
all, American subs now have sunk
at least 573 Japanese vessels, mostly
supply ships.

Young Woman Has Miraculous Escape

Falls Three Stories Into Neshan-
nock Creek Late Thursday
Afternoon

Miss Dora Heckathorne, of 311 1/2
S. Jefferson street, had a miracu-
lous escape from serious injury or
death, when she fell three stories
into Neshannock Creek, near the
South Jefferson street bridge at 5
o'clock, Thursday afternoon, escap-
ing with a laceration of the head,
severe bruises of the shoulder, and
lesser injuries.

A Negro workman, on his way
home, saw Miss Heckathorne fall
and called to another passerby.
They got down into the creek bed,
and brought her to shore. In the
meantime city firemen were sum-
moned from Central station, a short
distance away, and they aided in
getting her out of the creek bed,
which in flanked by high walls at
this point. She was taken to the
Jameson Memorial hospital by fire-
men Norman McFarland and Hugh
Horton in the fire department am-
bulance.

Miss Heckathorne fell a distance
of about 40 feet, alighting first
on the top of the concrete retaining
wall, and then bouncing down into
the bed of the stream.

ENEMY ALIEN BACKGROUND

The large class of applicants for citizenship which was finished Thursday afternoon, one of the largest in some time was composed largely of men and women whose national backgrounds stem from countries listed as enemies of the United States.

For the most part the applicants were natives of Italy, Germany, Roumania, Hungary or Bulgaria. Their records were checked carefully according to Examiner Harry Gould and their localities established to the satisfaction of the government.

Many of them have sons or daughters in the service, some have lost sons fighting against the people of the countries from which

the applicants came. But Uncle Sam is satisfied the applicants are worthy of citizenship and has granted their requests.

"KEEP OFF THE WHEAT"

If your golf ball is lost in the wheat patch of the county home, adjoining the Sylvan Heights Golf Course, it is going to be lost until after threshing time in July. County Commissioner Joseph F. Travers said Thursday that the wheat was in such shape that any one tramping it now to hunt for golf balls would ruin it.

Wednesday afternoon a golfer hooked one into the wheat field. He proceeded to tramp through the wheat, knocking a lot of it down but was seen in time to be ordered off. Mr. Travers asks that golfers do not go into the wheat field to hunt for golf balls.

HOME FROM CONFERENCE

Camporee is what the scouts call it. The word means an overnight camping trip where the boys will both have fun and take part in a general camp improvement program.

Troops and patrols, with their leaders, are going to the Lawrence county scout camp on the afternoon of June 9, taking along their tents, bedding, bathing suits, and work gloves. The rest of the day will be spent in getting supper, playing games, and having a campfire.

Saturday, June 10, is the day for camp improvement, when the units will be set to work on a variety of projects around the camp. Scouts must take along their own food for Friday evening, but Council will furnish both breakfast and dinner on Saturday.

MISSIONARY MEETING

The Ladies' Missionary society had an all day meeting in the church parlors Wednesday, when Red Cross sewing was done in the morning. After the serving of a turkey dinner at noon, Mrs. M. Jordan conducted a business meeting. Mrs. Scott Kirk gave an interesting talk on "China." Mrs. Ross Palmer spoke on "Mexico." The June meeting will take place in the church.

CLASS MEETING

The Young Married People's class gathered at the home of Mr. and Mrs. Walter Barkley for its May meeting. Following a business meeting, a social time was enjoyed, with Mrs. Walter McConnell in charge. Later lunch was served by the hostess and her aides.

RICH HILL NOTES

Beverly McClelland, of the Harlansburg road, spent the week-end at the home of Sandra Sholler. Rev. H. K. Miller spent Thursday in Pittsburgh. Mrs. Howard Ryhall of Pittsburgh, visited her parents

Rev. and Mrs. H. K. Miller, on Friday.

Mr. and Mrs. Clarence Richeal entertained guests on Friday evening in honor of the birthday of their daughter, Dorothy.

Mrs. George Craven and daughters, of Highland Heights, were Saturday guests of Mrs. W. A. Barkley. Janet Barkley, of New Wilmington, was the week-end guest of Marian Boover.

Theodore H. Tennant, husband of Mrs. Ruth Tennant, has been promoted to private first class. He is now stationed as a truckdriver in Italy.

Mr. and Mrs. William Knight and daughter, Maxine, accompanied by Mrs. James McWilliams, of Martins Ferry, O., and F. J. McWilliams, of Hadley, spent Sunday with Mr. and Mrs. Paul Scofield of Conneaut Lake. Mrs. Mary Scofield has been confined to her home with bronchial pneumonia.

Mr. and Mrs. F. O. Womer, of New Castle, were Sunday guests of Mr. and Mrs. E. C. Cotton.

Mr. and Mrs. William Knight entertained on Tuesday at noon for Pvt. Adam Knight, of North Carolina. Mrs. A. Knight and son, Larry of New Wilmington, Joe and Arnold

Knight, who left Thursday for naval training in Maryland, and Camilla Knight, of Highland Heights were also guests.

Mrs. Wilson Boover visited her parents, Mr. and Mrs. Ira Nelson of Highland Heights, Friday evening.

Billie Sholler was among the pupils of the local school, who toured Pittsburgh on an educational trip on Friday.

After a member of the town council of Hythe, England, reported that a rat took a piece of bread from his supper table and ran upstairs with it to his bedroom the council decided to appoint a rat catcher.

Here's a sensible way to borrow money

ALMOST everyone needs extra cash at some time. Yet it's often embarrassing to borrow from friends or relatives or to ask for a salary advance.

No Embarrassment
If you ever need cash, a Personal loan on your own signature may be a wise solution.

There's no embarrassment because others are not involved. Moreover, the cost is sensible. For example, at Personal a \$30 loan for 2 weeks costs less than \$1.

Friendly Service
There's no long limbo—just prompt, friendly, private service. Come in person or write today if you need cash now. Or save this ad until you are ready.

Babson Says Rubber Situation Improving

By ROGER W. BABSON
Copyright—1944—Publishers Financial
Bureau, Inc.

BABSON PARK, Mass., May 26.—From a civilian point of view the rubber situation is currently more critical than the gasoline supply. The production of synthetic rubber will about equal by the end of this year, our inventory of natural rubber crude rubber, namely about 600,000 tons, which was on hand at the end of 1941. Meanwhile, all natural rubber and most of the synthetic must go for military purposes. The over-all rubber supply is now particularly acute. I do, however, believe that the end of our rubber shortage is in sight. But do not think that tires for civilians are just around the corner.

Natural Rubber Data
With all pre-Pearl Harbor sources of natural rubber shut off, our major supply now comes from the island of Ceylon. In addition, some is coming out of the revived Amazon valley district. We also are picking up a little Mexican Guayule and perhaps a small amount of natural rubber from Brazil and Africa. However, with the exception of Ceylon, the great Middle East sources are naturally out until we lick Japan.

Our consumption of natural rubber, and remember that it is all for the military, is estimated at 150,000 tons for 1944. This compares with an all purpose use of natural in 1943 amounting to 340,000 tons and in 1942 to 370,000 tons. Our stock pile at the beginning of the year was about 140,000 tons with receipts

estimated at 80,000 tons. We will cut our inventory in half by the end of 1944.

What About Synthetic?
The production of synthetic rubber was slow in getting under way but increased in 1943 from a January production of 600 tons to a December production of 39,000 tons. The entire year's work produced under 185,000 tons or about one-half our total 1942 consumption. Synthetic production capacity has expanded rapidly during 1944 and for March, 1944, reached an annual output rate of 670,000 tons. As plants are exceeding their rated capacity, output should progressively rise. I estimate for the full year that about 570,000 tons will be made.

Who Will Get Our Rubber?
Our 1944 American rubber consumption should look something like this:

Natural rubber	150,000
Reclaimed	250,000
Synthetic	700,000
Tons	1,100,000

The difference between our synthetic production of say 570,000 tons and of the 700,000 tons which we use, or about 170,000 tons, will be lend-leased or stocked for our future use. All natural reclaimed will be used or set aside for war purposes. Out of the above synthetic supply about 18,000,000 tires will be made this year for civilians against an estimated need of over 30,000,000.

Postwar Outlook
Natural rubber, and perhaps total rubber supplies, will be short for from two to five years after the war. It will take some time to clear up the Far East plantations after the Japs are driven out. Not much more than 250,000 tons a year for the first two or three years can be expected from pre-war sources.

The United States alone will require 1,000,000 tons of rubber annually which may be close to 50 per cent of the needs of the entire world. Estimating our production of synthetic at 1,000,000 tons it looks as though our synthetic plants might have 100 per cent capacity operation ahead of them for a few years after the war is over; but after 1950 look out!

Tire Company Securities
Tire company stocks, while selling at about their best prices since the war, may not be too high, but I do not know. Earnings for 1944 should run close to 1943 and dividends may run a little higher as provisions for postwar conversion and other reserves have been largely taken care of. For the long-term and as a businessman's risk, I am not adverse to the best tire stocks. Here as in all other situations, the best managements—especially those which have the confidence of labor—will provide the best profits.

Allied Thrusts Eighteen Miles From Rome Now

LONDON, May 26.—(INS)—The German high command today reported heavy Allied assaults south and east of Velletri, key town on the last enemy defense line gulfing Rome and is only 18 miles from the Eternal City.

Reporting strong tank thrusts above captured Cisterna, on the Appian Way 27 miles from the occupied Italian capital, the high command communique said: "In the battle area of Cisterna strong enemy tank formations have thrust forward to the north. The heavy fighting has thus shifted into the area south and east of Velletri where bitter fighting is going on."

The Germans claimed 80 Allied tanks were destroyed.

Spiritualist Church of Truth has plans completed for a national membership rally drive service, to be held Sunday evening, May 28, in McGowan hall, at 215½ East Washington street, beginning promptly at eight o'clock, their pastor, Rev. Agnes E. Guthrie, announces today. Speakers will include James Dryden, president of the National Association of Free Psychic of Buffalo, N. Y., the Rev. Rosebud Vogel, pastor of the White Rose Center church, and also Mrs. B. Dryden and three delegates, of Niagara Falls, N. Y., who will offer a special musical program.

Cheap Television Sets Predicted

PHILADELPHIA, May 26.—(INS)—Table-model television receiving sets for as little as \$125 were predicted today for after the war by James H. Carmine, vice president in charge of merchandising for the Philco Corp.

Carmine said larger, projector-type models screening a picture 18 by 24 inches would probably cost up to \$400. He declared that facilities are within reach of 25,000,000 persons, if receivers can be had and estimated that coverage would expand to 70,000,000 in the immediate post war period.

The radio executive spoke at a dinner meeting of the Poor Richard club in Philadelphia as an introduction to a special television broadcast from New York, starring Eddie Cantor, and formally inaugurating a new transmission line for Video broadcast.

Business Edges Little Higher

PITTSBURGH, May 26.—(INS)—Business in the Pittsburgh district edged a little higher last week closely approaching the all-time record established early in April, as steel operations, river and rail shipments increased and retail buying was sustained at high levels.

Allowing for usual seasonal changes, the bureau of business research of the University of Pittsburgh reported the week's index at 178.5 per cent of the 1935-39 average, a rise of four-tenths per cent over the previous week.

The increase in steel operations was slight, with one blast furnace taken out of production, while bituminous coal production and electric power output declined moderately.

Farm Crops Bring New Record Income

HARRISBURG, May 26.—The State Department of Agriculture today reported cash income from Pennsylvania farm crops in 1943 has been estimated at \$120,709,000. Farm marketings of livestock and livestock products netted Pennsylvania farmers \$352,243,000. The combined total of \$472,952,000 is a new all time record compares with \$391,173,000 for 1942, an increase of \$81,779,000, or 21 per cent. Total cash income for the year 1941 was \$311,278,000.

Broken Neck Causes Death Of Swimmer

NEW BRIGHTON, Pa., May 26.—Breaking his neck when he dived from a small bridge into the shallow water of Crows Run last Monday, James Emery Cordes, 28, a Daugherty township man, died Thursday in the St. Francis hospital, Pittsburgh.

Cordes worked at the Aliquippa plant of the Jones and Laughlin company as a boss blower.

Reunion, an island in the Indian ocean, about 420 miles east of Madagascar, has belonged to France since 1643.

Ambridge Strikers Refuse To Yield

AMBRIDGE, Pa., May 26.—(INS)—Despite pleas of Navy spokesmen and their own union leaders, some 300 CIO welders, fitters and tappers continued on strike today at the American Bridge company, forcing about 35 other employees into idleness.

The strikers seek wage rates on a

par with the rates paid in the neighboring shipyard, but company officials claim they are not allowed to boost the present 78 cent-per-hour minimum because of government regulations.

It was feared that if the strike continues it may affect the output of LST boats, since the strikers made pre-fabricated sub-assemblies for the tank landing ships.

It is possible for a grasshopper to jump a distance equal to 100 times its own length.

Australian Bride Marvels At Tulips

STONEBORO, Pa., May 26.—Lilacs and tulips may seem common enough, but to an Australian bride who has just arrived in this country to be near her husband, they are extraordinary novelties.

Mrs. Perry Wheeler, who is staying with her husband's relatives in Stoneboro, married the American

soldier in Brisbane, Australia. Before arriving in this country she had served three years in the Women's National Emergency League at Moonview, Indiana County, today had been placed under probation for three years and ordered to make restitution of \$292 of postal funds she allegedly embezzled. She entered a plea of no defense before Federal Judge F. P. Schoonmaker.

Ammonia was first produced in Libya. It gets its name from the Egyptian god, Ammon-Ra.

WOMAN ON PROBATION
PITTSBURGH, May 26.—(INS)—Dora McMurray, former postmaster at Moonview, Indiana County, today had been placed under probation for three years and ordered to make restitution of \$292 of postal funds she allegedly embezzled. She entered a plea of no defense before Federal Judge F. P. Schoonmaker.

China's five northwest provinces are estimated to raise 25 per cent of her cattle, 40 per cent of her sheep and 43 per cent of her camels.

STOCK PRICES HOLD STEADY

Most Leading Issues Hover Around Closing Prices Of Thursday This Morning

NEW YORK, May 26—(INS)—Stocks held steady today after a firm and fairly active opening which featured Park & Tilford rising to a new high and selling up more than 2 points to 97 in relatively light dealings on prospects of a whiskey dividend announcement today. Most other issues hovered around last night's close with price changes small and unimportant. The market was content to drift along on technical factors. Most rails were quiet.

Price Panel Board Has New Bulletins On Hand For Stores

New forms in which merchants may be interested are now available at the Price Panel Board's offices on Pearson street, according to an announcement by the board. Stores which have received merchandise which they did not have in stock in March, 1942 and for which they have no ceiling price, can obtain the revised 3A forms to be used in adjusting prices on these new commodities. After the forms are filled out, they are to be mailed to the district office, not to the local Price Panel Board.

New forms for maximum prices on services which can't be priced under preceding forms are also available, as are OPA trade bulletins on the grading and labeling of meats at wholesale prices.

Nazis May Take Over Bulgaria

LONDON, May 26.—(INS)—A hint of complete German occupation of Bulgaria as a "solution" to the unrest now sweeping that country was dropped today by a Berlin spokesman.

In a Zurich dispatch, Reuter's reported that the spokesman said: "German plans to solve the Bulgarian crisis in the same manner as the Hungarian."

Hungary was taken over completely by the Nazis several weeks ago and a full pro-German government, backed by the Wehrmacht and Gestapo, installed. The spokesman's remarks were quoted by a Spanish correspondent in Berlin, Reuter's said.

ALLIED COLUMNS MOVING AGAINST LAST ROME BARRIER

(Continued From Page One)

Cisterna-Cordi road as well as a secondary road. Cori lies five miles northeast of Cisterna.

Fifth Army spearheads drew abreast of the last defense line immediately below Rome which runs northeastward from Ardea through Velletri to Valmontone.

Ardea and Velletri lies about 18 miles south of the capital and Valmontone is situated just a little more than 20 miles southeast of the city.

The Germans themselves reported the approach of the Allies to the Ardea-Velletri-Valmontone line. The Nazi agency DNB asserted that American and British forces seeking to follow up their seizure of Cisterna with the capture of the village of Velletri had been "frustrated." U. S. monitors heard the wireless dispatch.

With the enemy being pressed back on all sectors, headquarters announced that the total of German prisoners taken so far in the campaign had reached more than 12,000. The Nazis lost about 3,000 men taken prisoner in the first three days of the offensive from the beachhead and Canadian troops of the Eighth Army took more than 500 in their onslaught which carried them across the Melfa river.

As the Fifth Army from the beachhead surged forward against the Rome defenses, troops along the main front to the southeast poured ahead through gaps in the Hitler line to liquidate enemy pockets of resistance.

The battered former enemy strongpoints of Aquino and Piedimonte were captured by British and Polish forces of the Eighth Army. These troops pressed their advance through the hills toward Castrocielo and Roccasecca to follow up the retreating troops of the German first parachute division.

The all-out drive against Rome got under way exactly two weeks after the launching of the offensive on the main front against the broken Gustav line. The combined assault was undertaken immediately after the dramatic junction of the Fifth Army forces on the main front with those on the Anzio-Nettuno beachhead.

On the southern sector of the main front Fifth Army troops consolidated positions in high ground overlooking the Amaseno river. Along the northern sector French and American troops kept up pressure against strongly defended objectives north of Pico.

Forces from the beachhead scored gains up to six miles at a point where the important Cisterna-Cori road was cut.

Quick thrusts by the Beachhead forces resulted in early capture of 2,600 Germans. A large portion of the captives were surrounded by Allied tank formations.

Much German equipment was captured. The German defenses beyond Cisterna are well-organized and in depth and continued heavy resistance was looked for. The Allies still encountered deep minefields. Several German counter-attacks were dispersed. One was directed down the Carano road and was supported by tanks.

Heavily Pounded Transport columns and troops concentrations suffered severely under Allied tank formations.

WORLD MONETARY CONFERENCE CALL IS ISSUED TODAY

(Continued From Page One)

tions. The conference is regarded as one of the most important assemblages of United Nations representatives held during the war period. It is designed to pave the way for a stabilized postwar world and to avoid the pitfalls and problems that followed World War I and which led inevitably to the present second world conflagration.

The whole subject of world international and economic problems will be candidly discussed at the conference and the question of mutual world backing of the separate economies of the various nations will be gone into, the White House explained.

It is expected that a world bank will be created in which the currency of any participating nation could be backed and guaranteed by the other world nations if necessary in order to avoid a world-wide depression such as struck in the late 20's. The question of gold and silver backing of currency is also expected to be one of the outstanding subjects of discussion.

Gas Coupons Are Expiring June 1

HARRISBURG, May 26.—(INS)—The Harrisburg Office of Price Administration announced today that B2 and C-2 gasoline ration coupons will expire June 1 and will be supplemented by serially numbered B-3 and C-3 stamps. Holders of unused B-2 and C-2 tickets issued before March 1 may have them exchanged for an equal number of new coupons before June 1, officials stated. Service stations were reminded that they have until June 10 to turn in gas ration points to distributors or to exchange them at their boards for inventory coupons. Distributors must deposit their coupons in ration bank accounts by June 20.

Graduate Class At East Brook

Seventeen Receive Diplomas
—Judge Chambers Makes
Address Of Evening

Commencement for the senior class of Hickory township high school at East Brook took place Thursday evening at 8:15 in the school auditorium. A class of 17 received diplomas.

Judge James A. Chambers gave the commencement address taking as his subject, "A Look Forward". Invocation and benediction were given by Rev. H. G. Snodgrass.

Honor Student Speakers
Valedictorian of the class was Frank Bilak, salutatorian, Willis Fisher.

Seniors entered through an arch of flowers carried by the junior class as the "War March of the Priests" was played by Miss Marian Thompson.

Musical numbers on the program included a piano solo, "Prelude in C sharp minor" by Rachmaninoff played by Bernice Edie, and a tenor solo, "Homing" by Del Riego, sung by Willard Patton.

Presentation of awards was made by Ralph E. Watson, supervising principal of the school, as follows: for excellence in scholarship, certificates redeemable after the war for gold medals, to Willis Fisher and Frank Bilak; for excellence in music to Willard Patton and Bernice Edie; for excellence in Agriculture to Willard Patton; cash award by the Future Farmers of America to the outstanding member of the East Brook chapter of the F. F. A. to Willard Patton.

One In Service
One member of the class is already in service. Thomas Schooley, who is stationed with the army air corps at Chanute Field, Ill. A message of congratulation and good wishes was received from him and read.

Four others of the class, Willard Patton, Willis Fisher, Philip Domiano, and Edward Gardner, have already been sworn into navy service as seamen and will leave in the near future for service. Gardner will leave May 29, and Patton, June 7.

Class Roll
K. K. McCreary, president of the Hickory township school board, presented diplomas to the following:
Mary Virginia Barron.

New Landing Ship Will Be Launched

PITTSBURGH, May 26.—(INS)—LST-750, a landing ship for tanks which will be launched at the Dravo shipyards on Memorial Day, will be a \$5,000,000 investment when fully equipped, loaded and put to sea, and every cent of it has already been paid for.

Mrs. Clifford S. Heinz, chairman of a special Allegheny county war bond drive to raise the money during April and May, announced the \$5,000,000 had been subscribed five days before the scheduled end of the campaign, with \$14,000 to spare.

The money will cover the cost of the ship (\$2,000,000) plus everything that goes into it—pots, pans, guns, ammunition, bunks, furniture, the tanks in the "garage" and even the cargo it will carry on its initial ocean trip.

Marine Hero Hopes To See His Wife On Third Anniversary

PITTSBURGH, May 26.—(INS)—Marine Lieut. Mitchell Paige, Allegheny county's first winner of the coveted congressional medal of honor in World War II, is going to spend Memorial Day with his wife—provided he gets home in time.

Although May 30 marks their third wedding anniversary, Mrs. Paige pointed out, it will be the first one they have had an opportunity of spending together.

"Mitch and I have never been together on our wedding anniversary," Mrs. Paige said, "and I believe people will understand if we spend this one by ourselves."

The marine hero won the citation for gallantry in action in the Solomons in 1942.

Urge Pocket Money Be Used For Bonds

PITTSBURGH, May 26.—(INS)—America's wage-earners are carrying around so much money in their pocketbooks that it's creating a strain on bank reserves. It was warned today by Dr. Montford Jones, professor of finance at the University of Pittsburgh.

Speaking before the final session of the golden anniversary meeting of the Pennsylvania Bankers association, Dr. Jones urged that the greater part of this "pocket money" be drained off into war bonds.

"During the last war," he pointed out, "there was only about five billion dollars in circulation as compared with the present day 21 billion. Twenty billion of this money is in the pockets, leaving only one billion eight hundred million in the banks to be invested."

And now,
**Fine Australian Wool in
Richman Brothers Clothes**

FOR as long as we can remember, fine Australian wool has been the prized ingredient of the most expensive imported English fabrics.

Today, with most domestic wool going into uniforms, increased imports of Australian wool make it possible to use this precious material, loomed by the leading weavers of America, in Richman Brothers Clothes.

Truly, here is a new high in quality for a product as modestly priced as Richman Brothers Clothes. By the way, do you know that in times like these the best way to obtain old-time quality and value is to buy direct from a reputable maker like Richman Brothers.

FEED WASTAGE
One way to conserve chicken feed, prevent wastage and at the same time see that chickens get all they need is to fill hoppers only about two-thirds full instead of completely full so that the birds will not bill it

out on the floor. Also, in many hoppers it is possible to put a "lip" just inside the edge of the hopper in order to make it difficult for the birds to bill out the feed.

Scared, She Says

BONNIE EDWARDS, above, who was the fifth wife of Tommy Manville, playboy millionaire, told Judge Stanley Mosk of Los Angeles she wanted a restraining order issued against her present husband, A. K. Barbee. "He told me he was going to kill me, then shoot himself," Bonnie told the judge, "but not until he returned to California where he had some guns and a police permit." Judge Mosk failed to see any danger threatening Bonnie and refused restraining order. (International)

MEMORIAL SERVICES PLANNED FOR SOLDIER

GROVE CITY, May 26.—Morning services at the United Presbyterian church Sunday will be dedicated to Cpl. Carl Clinton McGill, member of the congregation, who has been officially reported killed in action in the Mediterranean area. He was reported missing November 26, 1943, and recently the War Department confirmed his death on November 25th.

IN U. S. ARMED SERVICE

(War Censorship Regulations Limit Information Allowed in This Column)

Cpl. Tech. David Matthews, who served overseas with the U. S. Armed Forces for the past 29 months, and more recently on the Island of Bougainville, has arrived in the United States and is spending a 20-day furlough at the home of his parents, Mr. and Mrs. C. G. Matthews of 701 Oak street.

Corporal Robert Loth, of Camp Swift, Texas, has returned after spending 12 days furlough, visiting with his father, Julius Loth, and other relatives in Edenburg.

Sgt. Walter J. Pierz is spending a furlough with his parents, Mr. and Mrs. Stanley Pierz, of Ashland avenue. Sgt. Pierz has just returned from a year of service in the Aleutians. Upon the completion of his visit, he will be stationed at Camp Haan, Calif.

Mrs. James M. Kelly, of Wampum, R. D. 1, has received a delayed Mother's Day gift of beautiful flowers from her son, Pvt. Donald B. Kelly, who has been on the Island of Kauai, but has recently been transferred to Oahu. Pvt. Kelly has been in the service for 10 months, 5 of them having been spent in the Hawaiian Islands. He wishes to be remembered to his friends.

Harold E. Welsh, seaman 2-c, has returned to Newport, R. I., after a short visit with his parents, Mr. and Mrs. Clarence Welsh, of 720 South Bay street.

Clair Hite, seaman 2-c, will return to Camp Bainbridge, Md., tonight, after spending a 9-day furlough with his wife and daughter, of Emerson avenue.

Mrs. Wanda E. Goodrich, of 402 Bell avenue, has received a picture of St. Rosa from her son, Donald, who is on Anzio beachhead, Italy. He was confined to the hospital, but is in service again and sends regards to his friends.

Mrs. Mildred Dudash, of 40 North Mill street, has received word that her husband, Pvt. John G. Dudash, is stationed at Fort Riley, Kansas.

Mrs. W. E. Gibson has received word that her husband, Pvt. W. E. Gibson, is stationed at Camp Barkley, Texas, as a truck mechanic in the medical corps.

Flight Sgt. James H. Banks, son of Mr. and Mrs. James S. Banks of 302 Norwood avenue, has been transferred from Gowen, Field, Boise, Idaho, where he has served as an instructor gunner for the past 20 months, to the Grand Island Army Air Base, Nebraska. There he is receiving a special combat crew instructor's course in the new super Flying Fortress, the B-29.

Cpl. Lucy Gumiezny, daughter of Mr. and Mrs. Nick Kwolek of Rigby P. O., was home on a delayed route for a few days. She was formerly stationed at the Santa Ana Army Air Base, Calif., and will report to a new base to continue her overseas training. Corporal Gumiezny felt her job was well done at her last base, when her commanding officer, Major Loosley, said he was "losing one of his best soldiers."

Mr. and Mrs. J. Lenhart, Mr. and Mrs. Tony Gumiezny and Mrs. Wallace Trazz entertained in honor of Corporal Gumiezny during her visit.

Private Roy Green, of Washington, recently visited at the home of Mr. and Mrs. H. J. McKinney, of Scotland, Lane. Private Green has been a buddy of Mr. and Mrs. McKinney's son, Pte. Robert McKinney, in North Africa and Italian theater of war. Pte. Green was wounded in the Italian campaign, now on furlough in the United States, and stopped enroute home as a visitor of his buddy's family.

Private Francis C. Pierce, of Camp Carson, Col., has left after spending

Need Workers In Canning Factories

U. S. Employment Service Must
Find 15,000 Workers To Help
Can Foodstuffs

HARRISBURG, May 26.—(INS)—U. S. employment service officials of the state prepared today to begin recruiting more than 15,000 Pennsylvanians for work in canning and food processing factories during the canning season.

Acting state manpower director Carl B. Harr reported that the labor needs for this year were expected to approximately 18,000, more than 60 per cent women. Harr pointed out that part-time workers will be in heavy demand and expressed the belief that schools will provide a source of employment.

Recruitment for workers in vegetable processing plants was expected to begin about June 1.

Ernest Hemingway Somewhat Better

LONDON, May 26.—(INS)—The condition of Ernest Hemingway, war correspondent and author of the novel "For Whom the Bell Tolls," today was "very satisfactory," today. Hemingway suffered face and head injuries when his automobile crashed into a water tank early yesterday.

First foods are due for home canning...

Now's
The time
to get busy!

Civilians Will Get Fewer Canned Goods
WASHINGTON, (UPI)—CIVILIANS probably will have fewer canned goods in 1944 than last year because the increased flow of troops overseas has expanded military needs, the War Food Administration indicated tonight.
WFA said food processors will be required to set aside about 10 per cent of the 1944 fruit pack and half the vegetable pack for Government use.
WFA estimated the Government will take from this year's pack of vegetables about \$2 million cases compared to \$1 million cases last year. Fruit requirements, it said, are estimated at 50 million cases compared to 40 million in 1943.

Here's how to get rid of rationing headaches, cut your household food budget and make sure you'll have plenty of delicious fruits and vegetables next winter. Start now to home-can all you are able to buy or grow.

In 1944 our armed forces and allies will take 70% of the fruit pack and half the vegetable pack. There may be a shortage of some essential foods. Yet every member of your family needs two

fruits and two vegetables daily—or a total of 90 quarts per person per year. Home canning is the answer. It's easy to understand, simple to carry through. Start your home canning with the delicious strawberries, cherries, rhubarb and other fruits and vegetables which are coming into the markets.

For complete information on canning, call the Home Service department of your Gas company.

In the race to fill the family larder, your dependable GAS RANGE can help put up foods for next winter. Follow directions carefully.

1. Select sound fruit at proper stage of ripeness and vegetables as fresh from garden as possible, and grade according to size and quality.
2. Clean all fruits or vegetables thoroughly before you start to can. Use only those that are firm and ripe.
3. Can them speedily—not more than two hours from garden to jar.
4. Once you've started, continue without interruption if possible. Foods spoil quickly in warm weather.
5. Follow canning directions closely as to length of time and method. This is important for best results.

Red Papers Hail Final Campaign To Crush Nazis

By NATALIA RENE
(U.S. Staff Correspondent)

MOSCOW, May 26.—Every Moscow newspaper today carried a lengthy editorial celebrating the second anniversary of the Anglo-Soviet treaty and stressing the importance of the present moment in relation to the expected final offensive to crush Nazi Germany.

"The military phase was stressed particularly by Red Star, the official organ of the Soviet army. 'The red army now is engaged in preparations for carrying out the problem of finishing off the Fascist beast in its own den,' the publication said."

"The armed forces of Great Britain and the United States are preparing for the same thing. Then when the enemy has been thrown down, the first part of the Anglo-Soviet agreement will have been fulfilled and the peoples of the Soviet Union and England together with their great ally, the United States, will start creating peace in order to produce safety and economic prosperity in Europe."

A similar view was taken by Izvestia, the organ of the Russian government.

"We mark the second anniversary of the treaty on the threshold of historic events," the paper commented.

"Soviet arms have prepared conditions for the success of the forthcoming combined blow by the red army from the east and Anglo-American troops from the west and south."

"The day is not far off when the world will see the Anglo-Soviet-American alliance in all its power."

To remove lint from blue uniforms brush lightly with a stiff brush which has been dipped in water and then shaken well to remove the excess water.

AROUND CITY HALL

Portion of Highland avenue used by the street car company is being patched first. The east portion of the old road bed has been patched between the city line and Norwood avenue and this morning the return trip north was under way, following which black-top will be placed all over the carway.

Cornelius Black has been appointed by council as an inspector of the painting of the city building. The other city painter, Charles Pearce, is the inspector on the Mahoning Avenue viaduct paint project.

Although Cascade Park has not formally opened and will not until May 30, there is activity there. A force of laborers is cleaning the park. Stanley Pagliaro, in charge of the green-houses, has transplanted hundreds of plants and they will be in full bloom soon. He had exceptionally good luck with plants during the past winter.

It is hoped to have the swimming pool open for bathers Memorial day.

Owen Fox, city forester, is busy at various parks. Keep off the grass!

When the city-owned city building "storeroom," East Washington street, is remodelled, it will house the city delinquent tax office which will be a "break" for aged persons, who for years, were required to ascend and descend three flights of stairs in order to pay tax bills.

Messel, now in the army, was the originator of the plan to have the city fathers change the situation and as a result aged persons will be saved many steps.

Council will not be required to let out a contract for oiling of city streets this year because federal regulations prohibit the sale of oil for this purpose. Some people saved their own crank-case oil as a dust preventative.

Chris Coulthard, manager of Cascade Park, has hopes of procuring industrial picnic this summer. While the park may lack some of the amusements that some parks

possess, it has a good pool, dance hall, splendid cooking and dining facilities and a good dance floor. In addition there is a restaurant at the park. Police Chief Robert D. Hanna has assigned several police to run down the vandals who have been breaking street lights, causing not only a monetary loss but loss of illumination for persons who must travel "The Narrows." Electrical material is difficult to replace, hence heavy fines await culprits when caught.

Would-Be Train Robber Thwarted

PHILADELPHIA, May 26.—(INS)—Ignoring a gunman's threat, a dining car steward on a New York, New Haven & Hartford train from Boston today sounded an alarm which saved an estimated \$2,000 in receipts and led to capture of the would-be train robber.

The attempted holdup took place as the train pulled into Broad street station, the mid-city terminal of the Pennsylvania railroad. Leaping from the dining car, the gunman fled through the crowded station but was caught after a military policeman fired two shots.

The suspect identified himself as Eugene Garner, 20, of the Bronx, N. Y. The steward, Edwin Stocker, of Mt. Vernon, N. Y., told police he recognized Garner as a waiter who had worked on the train in 1942.

There are 26 national parks in the United States; four national historical parks; 82 national monuments; one national recreational area, etc. the total area of the federal park system being 21,613,543 acres.

Enon And Wampum Sugar Rationing Dates Announced

Canning sugar coupons for Enon Valley will be issued from Enon Valley school on Thursday and Friday, June 1 and 2. Applications will be taken at the school between the hours of 1-5 and 7-9 both days.

At Wampum, canning sugar coupons will be issued from Wampum school on Wednesday, May 31, and Thursday, June 1, between the hours of 9 a. m. to 3 p. m. both days and on Thursday evening from 6 to 9.

Spare stamp No. 37 will be exchanged for a coupon good for 10 pounds of sugar per person.

Announcement of the dates for issuance of coupons in Enon Valley and Wampum was made today from the Ellwood City ration board office.

Warn Rationing Of Meat Likely To Return Again

WASHINGTON, May 26.—(INS)—American consumers faced the warning today that bad distribution may force the return of meat rationing.

The warning came from the Office of War Information, which added that removal of major canned vegetables from the rationed list is only temporary.

The possibility that the available supply of meats such as ham, pork loins, veal, chops and roasts may not be distributed evenly is a major factor that might cause the War Food Administration to request restoration of rationing on such items, OWI said.

"There is some evidence already at hand to indicate that since most meats have been paid free uneven distribution of the meat supply has occurred in some places," OWI said.

"If this condition becomes critical, point values would be increased to improve distribution," said OWI.

The information agency declared that present estimates of civilian supplies point to a restoration of rationing for a number of canned vegetables, adding that the supply

for the pack year beginning July 1, "will be the shortest in years," about 20 per cent under last year's supply.

Meanwhile war requirements will rise about 70 per cent, the largest on record, OWI declared.

Epic, dramatic and lyric are the three principal classes of poetry. An epic poem is a long narrative poem that deals with events in the life of the hero or heroine. A lyric is a brief poem expressing the sentiment of the poet, and a dramatic poem emphasizes actions and deeds.

SPEED SAVES LIVES

CARLISLE BARRACKS, Pa.—

(INS)—The lives of many soldiers are saved through the speed of administering early treatment on the front lines, says Capt. Herbert H. Thoms of Huntsville, Ala., a medical officer back from action in North Africa and Sicily.

Maxim Gorky, Russian author, acquired his literary passion and a thirst for knowledge when he was 12 years old, from the cook of a Volga steamer.

Ninth Grade Class New Wilmington Man Gives Farewell Play At Washington School

Two One-Act Farces Mark Last
Appearance Of Outgoing Class
At North Hill School

George Washington Junior High school ninth graders gave their farewell performances this afternoon, two one act plays with a great variety in their casts.

"Girl Shy," in keeping with the times, is a soldier play with an all-boy cast. It is a one act farce with its scene laid in an army barracks. The other play, "Music of the Crossroads," is also a farce, with a lot of music and a square dance mixed up in the middle of it.

In "Girl Shy," the bashful private, Wiggstaff, was played by Dick Dangle. Buddy Bush played Pet. Andrews and Roland Nord was Pvt. Stone. Eddie Miller played Pvt. Levy and also gave a female impersonation of Murgatroyd, a dancer. Officers of the outfit were played by Bruce Brown, as 1st Col. Martin, and by Jack Skuba, as Capt. Bishop. Carmen Lombardo was the announcer, and Jim Bower and Bob Mitchell were stage managers. Nancy Hoffman was in charge of costumes.

In the cast of the lively "Music at the Crossroads" were Lawrence Sontag as Silas Pettigill, a country store keeper; Carolyn Cox as Mrs. Pettigill; Marie Olson as Ellen Pettigill, daughter of the storekeeper; Marshall Conn as Lionel Le Grande, an actor stranded without a job; Carmel Ann Perotta as Mrs. Miller, a customer; Carol Halthorn as Millie, young daughter of Mrs. Miller; Walter Braham as Mr. Hobbs, the village banker; James Carson as Mr. Dunham, a salesman; and Connie Miller as Mrs. Carr, a wealthy widow.

Four loafers at the country store were Justice Gillfillan, John Cole George Morgan and Dick Schoenherg. Marita Baatz, Veronica Bilz, Connie Branstetter, and Patti Bilz took the part of four country girls. Young people who came to the country store to practice while St. Riddled and Mrs. Pettigill played for the square dance Joan Polley Urban, Marjorie Van Polley Patty Jo Leyde, Charlene Vogan, Audrey Mooney, Grace Trick, Marilyn Mikels, Wilma Duff, and Patsy Stitzinger. Marilyn Sandler was the announcer, and Mimi Kirk the prompter.

Sixteen women internees in Armagh prison in Eire recently went on a hunger strike because they had to associate with three prisoners from Derry.

NEW WILMINGTON, May 26.—James Ralph Neale, Jr., son of Dr. and Mrs. J. Ralph Neale, Vine street, will receive the Bachelor of Divinity degree from the Yale University Divinity School at the graduation exercises in New Haven Conn., May 28.

President Charles Seymour will confer the degree on Neale who is a member of a class of 54 graduates.

Before entering the Divinity school at Yale, Neale was awarded a Bachelor of Arts degree from Westminster College in 1941.

Dr. and Mrs. Neale plan to attend the commencement exercises.

Governor Warren Discusses Plans With G.O.P. Heads

Temporary Chairman And Key-
note For Convention Stops
In Chicago

CHICAGO, May 26.—(INS)—Gov. Earl Warren of California met today with members of the Social Welfare and Security committee formed at the Mackinac Island Republican conference last September to consider material to be used for the plank on that subject in the National convention platform.

Warren, who is to be temporary chairman and keynote of the Republican convention opening June 26, stopped in Chicago for conferences with GOP chieftains on his way to the National Governors' conference beginning in Harrisburg Pa., Sunday.

The California governor, a widely discussed possibility for the vice presidential nomination, refused to comment on the growing movement to draft him for the vice presidential place. He parried the question with the observation:

"It is presumptuous for anyone to assume he'll be nominated."
He went on to insist that he meant it when he said "I am not a candidate."

New Castle Hospital Crowning On Sunday

Rev. Fr. Albert M. Inteso Of St.
Vitus Church Will Speak
On This Occasion

May Day crowning ceremonies at the New Castle hospital School of Nursing will take place on Sunday afternoon at 5:30 o'clock on the lawn of the Nurses' home.

Miss Margaret Carbone will be the May Queen, and she will crown the statue of the Blessed Virgin Mary, in impressive services. Ladies of the queen's court include: Margaret Stinard, Jean Marshner, Joyce Leight, Ann Vranes, Ann Mastrian, Nardina Rosetta, Dorothy Beatrice and Margaret Cugini. Arch bearers are: Florence Costa, Elsie Sberna, Catherine Flynn, Jean Mingione, Veronica Fratz, Ann Boron, Josephine Bartoli and Dorothy Simonik; crown bearer, Marcia Joanne Acquaviva; train bearer, Joan Audia and Francis Audia.

Rev. Fr. Albert M. Inteso, of St. Vitus church, will deliver an appropriate sermon at the May crowning services, and Rev. Fr. Francis P. King, of St. Mary's will be master of ceremonies; Rev. Fr. Vincent O'Donnell, chaplain of New Castle hospital, will bless the crowns and will crown May Queen Margaret Carbone.

Baptists Pledge Solid Support For War Effort

Tumultuous Session At Atlantic
City Convention Brings
War Support Action

ATLANTIC CITY, N. J., May 26.—(INS)—The northern Baptist convention in Atlantic City was pledged today in support of the war effort after a tumultuous session during which the 3000 delegates adopted a resolution placed by Dr. Daniel A. Poling of Philadelphia, an army chaplain.

Dr. Poling, president of the World's Christian Endeavor, declared in the resolution that "God has a stake in this war and we dare not wait to achieve perfection before we rise to defend freedom and to out-throw a righteous cause."

"We do pray that justice shall prevail, that human personality shall not be sacrificed upon any altar of dictatorship, and that freedom shall win over tyranny."

The resolution struck a blow to fundamentalists who have controlled the Baptist policy on the war with their pacifist leanings.

Dr. Poling surprised the delegates by offering the resolution from the floor because he said a similar proposal was "sabotaged" in the committee at the Cleveland convention two years ago. He said he believed it represented the majority Baptist thought.

Javery Tames Pirates 1 To 0

Boston Pitcher Wins First Game Of Season At Expense Of Hapless Bucs

MEL HARDER GETS GIFT THEN LOSES

NEW YORK, May 26.—(INS)—The major league pennant races have bogged down in inclement weather that persists in washing out games, but in the midst of the interruptions some sparkling individual performances continue to shine through.

At Javery, for instance, finally won his first game of the season for the Boston Braves yesterday after nine starts and made it a spectacular triumph in that he allowed only three hits.

The score over the Pittsburgh Pirates was 1 to 0. The Pirate defeat moved them back four games behind the pace-setting Cards who were forced into idleness again along with all the other clubs, except Braves and Pirates, in the National League.

Browns Win Again

The St. Louis Browns clung to second place in the American by downing the Boston Red Sox 3 to 2. Muncie hurled the victory in a game which never saw the Browns behind. Each side made seven hits.

The Philadelphia Athletics defeated the Detroit Tigers 2 to 0. The Pirates defeated the Pittsburgh Pirates 1 to 0. The league-leading New York Yankees and the Chicago White Sox were rained out.

Washington's Senators handed Cleveland and Mel Harder, the only 200-game winner in the American League, a 4 to 2 defeat in a night game at Cleveland, as 18,700 fans presented him with \$1,200 in war bonds for his record performance.

Horse Race Bets Shown On Increase

CHICAGO, May 26.—(INS)—Money figures showed today, 12 burning holes in the pockets of horse players.

Betting at the recently completed 14-day spring meeting at Sportsman's park totaled \$8,479,245, an increase of 68.21 per cent over figures for the 13-day opening session in 1943.

The figures were contained in a report of the Illinois Racing Board to Gov. Dwight H. Green.

Tech. Sgt. Jack LaBelle, noted trainer of ring fighters, now is with the 304th infantry at Camp McCoy, Wis., and is busy off-hours officiating at camp sports events.

Michigan Grabs Most Of Titles

CHAMPAIGN, Ill., May 26.—(INS)—Michigan, which already has won the Big 10 swimming, wrestling and indoor track championships, and shares the football title with Purdue, is more than likely to add three more conference championships to its collection tomorrow.

The Wolverines are the favorites to take the golf, tennis and outdoor track titles.

The golf tournament will be held at Westmoreland, Chicago, the tennis tournament on Northwestern's courts, and the track meet in Champaign.

JOHNSON BRONZE TAKES LOOP LEAD

Flintall and Thornton Stage Hurling Duel On Marshall Field, Score 5-0

Johnson Bronze baseball team took the leadership of the City League last night at Marshall field by applying a coat of kalsomine 5 to 0 to the Alcoa club.

Flintall was the winning hurler allowing three hits to the Alcoa's while Shorty Thornton was the losing pitcher, being relieved by Henry Mike Diffley of the league leading Bronze club featured the game by smacking out a sensational home run, for the only extra-base blow of the game. It was the fourth win for the Bronzes against one setback in loop play.

HERE AND THERE IN SPORTS LAND

Pennsylvania Federation of Sportsmen's Clubs at its annual convention in February passed a resolution asking that the Board of Fish Commissioners advance the salaries of fish wardens. The resolution was adopted unanimously and delegates present believed that a substantial increase would be granted early in the year. From that twelfth day of February to the present writing we have heard nothing more about it. Seth L. Myers of Northwest Sportsmen reports.

"Apparently the commissioners have taken no immediate interest in the resolution, and the officers of the federation are complacently sitting back doing nothing about it. In the meantime the 42 wardens are frantically trying to make ends meet in the way of keeping the wolf from the door. Forty-two fish wardens to take care of 67 counties and all the waters bordering on this great commonwealth. On duty 24 hours a day the year round at little more than \$100.00 per month.

"With all deductions out the average pay of these officers amounts to about \$50.00 every two weeks. There is no other remuneration excepting mileage for driving on duty, and occasional meals away from home. Wardens pay their own rent and all other expenses the same as other people."

Former Penn State, Gettysburg and Susquehanna College track athletes head committees to arrange for the National Amateur Athletic union's women's championship track and field meet here July 8. They included Clarence Beck, former Penn State who is now Harrisburg park director, field committee; D. Victor Emanuel, William Penn high field coach and former Gettysburg star; H. H. Graybill, Susquehanna University graduate and now John Harris faculty manager, both on the officials' committee. The meet is expected to attract the nation's outstanding women sprinters and field events performers, including Stella Walsh, perennial champion.

Penn And Duke Card Grid Game

PHILADELPHIA, May 26.—(INS)—The Blue Devils of Duke university were listed today as the University of Pennsylvania's opponents in its collegiate football opener, Sept. 30, at Franklin Field. It will be the first grid meet of the two schools.

The Duke contest ushers in an eight-game schedule for the Quakers, one game of which is still to be arranged. Penn's other rivals this season are Dartmouth, Columbia, Army, Navy, Yale and Cornell. A service eleven probably will fill in the open date.

WEST PITTSBURG TAKES SLUGFEST

Gennock And Ferrucci Hit Homers To Feature City League Battle

West Pittsburg was in a slugging mood last night at the Booker T. Washington field and as a result swamped the I. A. Machinists under 19 to 6 tally in a City league game.

Carl Gennock of the Machinists and Ralph Ferrucci of the West Pittsburg hit home runs to be the feature hitters, while Rudy Harvathine, Ralph "Slager" Zangrilli, Johnny Grinnen and Huffman slammed out triples, Chuck "Cop" Travers had a pair of singles for the losers. J. Hairhogue was the winning hurler and Lamm the loser.

Buddy Young Is Big Ten Star

Illinois Freshman Given High Praise By Hirsch, Michigan Star

CAMPAIGN, Ill., May 26.—"One of the best competitive athletes in the country today"—that's the appraisal given Buddy Young, Illinois sprint star, by Elroy Hirsch, Wisconsin-Michigan great, who may again match Young in the Big Ten broad jump finals in Memorial Stadium Saturday.

Hirsch, here for a rain-abbreviated Michigan-Illinois baseball series, isn't certain he'll be on hand for the conference competition, since the Wolverines are scheduled to play a double-header with Indiana at Bloomington Saturday.

"But, I'd like to compete if it possibly can be arranged—Young and I will have a lot of fun."

"It's a pleasure to compete against a fellow like Buddy. He's a hard worker and a nice guy. He ought to top off a great year with some real performances in the conference meet."

Young Great Star

Young's great year includes individual championships in the Millrose Games, Cleveland K. K. Chicago Relays, Purdue Relays, Drake Relays and the Big Ten indoor meet. He's credited with a .061 mark in the 60-yard dash and has gone .065 in the 100 and .209 in the 220. His indoor broad jump mark of 24 feet 4 3/4 inches set a new Illinois mark.

Saturday he'll be favored to take the 100, 220 and broad jump. The last won't be so easy if Mr. Hirsch shows up, but the added competition might send either to a near-record performance.

Young also may run a lap for Illinois in the mile relay, or take a shot at the 220 yard low hurdles, a come what may, his efforts Saturday will be climactic to one of the greatest competitive records ever made by a freshman athlete in the nation.

TWO GAMES IN LEGION LEAGUE

Cozy Corners Continue Winning Streak With Victory Over Fannins

Two games were recorded in the American Legion Junior league Thursday evening, when Cozy Corners defeated a strong Fannins combination by a score of 6-2, while Dean Park Dodgers took a 5-1 victory from the Wolverines.

McCallion was credited with the win for Cozy Corners, but was relieved by Andrews in the third, who proceeded to fan 11 Wolverines in the succeeding five frames.

Cardella with three hits, B. Zeigler and Jackson were best for the winners, while Cusani, Bevan and Rote led the Fannins attack at bat with two hits apiece. Young pitched a nice game for Fannins, but his support was ragged at times.

Campbell, Dean Park's fork-hander, held the Wolverines to five scattered hits while his team mates got eight off Jopek, a three-run spurt in the seventh clinching what had been an interesting hurlers' duel to that point.

Panella led the Dean Park attack with two hits, including a double, while Dremyan, Wolverine catcher, had two for the losers.

Score by innings:
Cozy Corners . . . 111 000 3-6 9 1

Ralph Koonce, leading trainer during the spring meeting of last year, returned to Wheeling Downs for the 30-day session of the West Virginia Jockey club which opened Thursday.

One reason the army has to be in better physical condition than in previous wars is that today 25 miles, instead of 13, is considered a day's hike with pack.

Shenango Pottery Tops Uni-Refracs

Exciting Game Goes To Pottery At Lee Avenue Field Thursday Night

In a nip-and-tuck game all the way the Shenango Pottery team edged out the Uni-Refracs club 5 to 4 last night in a City league game at Lee Avenue Field.

The Shenango boys took a three-run lead in the first inning, only to have the Uni-Refracs tie it up in the second with a three run attack. The Uni-Refracs took the lead in the fourth only to have it tied again in the fifth, with the Pottery going ahead in the last of the sixth. Shaw and Morrison hurled a five-nitter for the Shenango Pottery, with Braky and Hill doing mound duty for the losers.

Big Ten Basketball Coaches Refuse To Play Purdue Next Season, Adopt Schedules

ONLY ONE GRID RULE IS CHANGED

CHICAGO, May 26.—(INS)—Basketball coaches of the Big Ten Conference presented to the athletic directors today their schedule for next season's games, drawn up only after three schools had refused to play with Purdue.

Michigan, Ohio State and Illinois, protesting the alleged "ruggedness" of the Badmeters' play during the last season, said they would prefer to have no part of the Purdue team.

Ohio State, which won last season's title after Purdue had dominated the play until the latter part of the season, finally relented out Michigan and Illinois stood fast. The schedule continues the recent program of 12 games for each team except Chicago, which now has withdrawn from the conference.

The conference football coaches, who are meeting with other coaches, athletic directors and faculty representatives, outlawed the deliberate out-of-bounds kick and drew a full 27-game playing schedule for the league title races in 1945 and 1946.

Agree on Kicking

The action took the form of a "gentleman's agreement," with the coaches pledging themselves to instruct their teams to make a sincere effort to kick within bounds.

If the agreement is followed out faithfully, it will afford a more frequent opportunity for a return of the kick-off, one of the thrilling phases of the game.

No penalty is imposed for kicks which do cross the sidelines, these being handled under existing rules by bringing the ball in on the receivers' 35-yard line or at the point it crossed the sidelines, whichever is the more advanced on the field.

Good Come-back Role Played By Baseball Octet

NEW YORK, May 26.—Some old familiar faces are back in the major leagues this year and the castoffs who returned are doing all right in place of the boys who joined the armed forces.

Take Phil Weintraub of the Giants. This is Phil's third trip with the Polo Grounds. This time he came back from Toledo with a .334 batting average, second in the American Association.

Phil started in with his old teammates where he left off in Ohio and has been hitting the ball hard for Manager Mel Ott.

It wouldn't be surprising to see Phil near the top of the National League slugging when they figure out the averages at the end of the season.

Then there's Max Macon, playing first base for the Braves. Max previously had big league experience with the Cardinals and Dodgers—but as a southpaw hurler.

Plays Outfield

Last August Montreal out Macon in the outfield. His .347 batting average in 26 games attracted the Braves, who drafted him. Don't be surprised if Max tops the Boston hitters.

Continuing in the National League, there's Nick Strincevich of the Pirates whose six shutouts had a lot to do with Toronto's winning the International League pennant last year.

Nick was a Yankee farmhand before the Braves brought him up in 1939. During one of the Boston house-cleanings, Nick was sold down the river. He had plenty of stuff in his strong right arm.

You just can't mention outliners coming back without mentioning Pepper Martin. Pepper probably won't see too much action but your last buck that he'll have the fans on the edge of their seats. He's still plenty dangerous on the bases, 40 years of age and all.

Levy Helps Yankees

Turning to the American League, the four outstanding players who came back are Ed Levy of the Yankees, Jim Outlaw of the Tigers, Luke Hamlin, the Athletics, and Roberto Ortiz, the Senators.

Levy came up to the Yankees in 1942 as a first baseman. When he failed to hit, he was sent to Kansas City. After he was given a medical discharge by the coast guard last year the Yanks sent him to Newark, where he was used in the outfield.

Ed's big bat drove in 80 runs for the Bears and he wound up with a .332 average, good enough to win him an outfield berth with the champs this year.

In American League

Outlaw is having his first experience in the American League. He was with the Reds, Dodgers and Braves in the National before playing with Buffalo, where he was picked up by the Tigers.

Hamlin is another senior loop pitcher and was with Brooklyn and Pittsburgh. Shunted back to the minors, "Hot Potato" Luke developed a new pitch he calls the "sweet potato" and it should keep him around the Athletics for a spell. Luke also had two chances with Detroit.

Ortiz is doing plenty of clouting for the Senators. He's another ex-Dodger and ex-pitcher among others. Since Roberto moved his hands up a few inches on his bat and started chugging them in the outfield, he's been doing okay.

GRADUATION SPEAKER

SLIPPERY ROCK, Pa., May 26.—Mr. James M. Barnett, of Grove City, pastor of the Presbyterian church there, will give the commencement address at Slippery Rock high school on Thursday night, June 1. There are 55 seniors.

GAME IS CHANGED

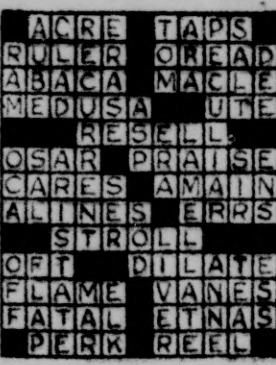

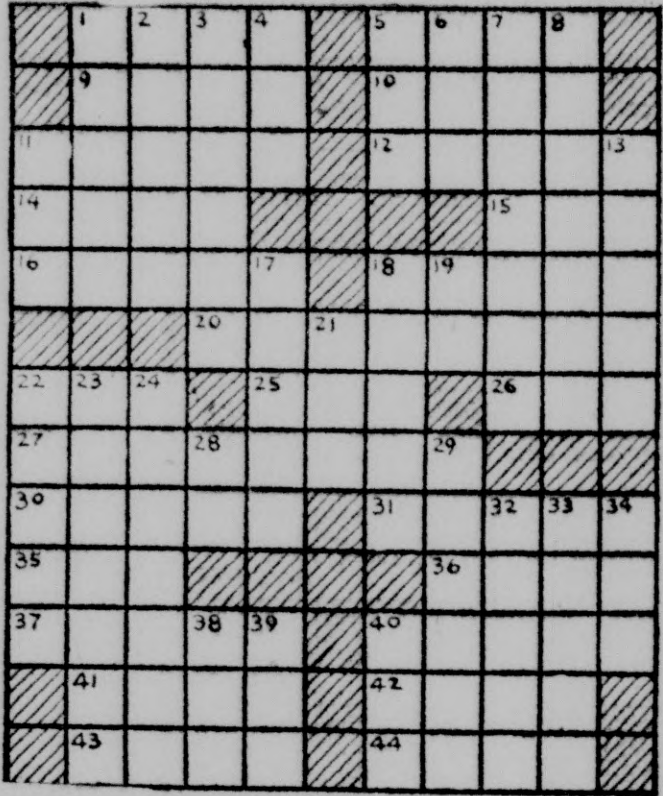

The scheduled Johnson Bronze and Uni-Refracs game for Sunday, May 28, at the E. & A. field has been changed to Marshall field owing to the muddy condition of the seventh ward field. It was announced today by Mike Diffley of the Bronze and Dutch Hill of the Uni-Refracs.

Philly Cop Makes Slick Triple Play

Arrests Wasdell, Letchas and Northey After Traffic Accident in Philadelphia

PHILADELPHIA, May 26.—(INS)—A Philadelphia policeman was credited with an unassisted triple play today after putting out three Phillies by having them spend a few hours in a cell for giving him a breacher razor during a minor auto accident.

The cop, Harry Fryman, a Phillies rooster, said he tried to placate the trio—Left Fielder Jimmy Wasdell, Third Baseman Charlie Letchas, and Ron Northey, right fielder—but they were full of fight so he hauled them off to the station.

Wasdell and Letchas were charged with being drunk and disorderly while Northey was booked for assault and battery by auto and disorderly conduct.

Universal Sanitary Mfg. And Machinists Take Top Honors In First Matches Of Season

Sylvan Heights Golf League's first off the lid on Wednesday evening, when three matches were staged, International Association of Machinists defeating Standard Steel Spring 5-1, and Universal Sanitary Manufacturing Company scoring a similar triumph over Spaulding A. C. while Sagerstown and New Castle Major were halting 2-2.

Medalists were "Timmy" Lombardo and "Jumbo" Lombardo, both of whom scored 38's, two over par, while Stan Bukowski had a 40. The players found the course heavy due to recent rains, but in fairly good condition.

The match between Shelby Social Club and United Engineering Office has been postponed until a later date.

VICTORY GARDEN NOTES

By LEWIS C. DAYTON, County Agent

BRIEF SUGGESTIONS FOR VEGETABLE GARDENERS

Late cabbage, cauliflower, brussels sprouts, and broccoli seed can be sown now for transplanting in late June.

Sawdust has been found to be an excellent available material for mulch. While it does not smother grass and weeds as well as other mulching materials, it has many advantages and does conserve soil moisture.

Never weed, cultivate, dust or handle plants, particularly beans while they are wet with rain, dew or water from the hose. Many plant diseases can be spread while wet so work with plants only when they are dry.

Cabbage should be dusted with rotenone before the heads begin to form in order to control cabbage worms.

Chaplin Fights Paternity Suit

LOS ANGELES, May 26.—(INS)—Comedian Charles Chaplin has taken the first step in his fight against Joan Barry's paternity suit—a formal reply in which he denied "generally and specifically" that he was the father of his one time protegee's seven-month-old daughter.

The actor asserted that Miss Barry's suit was brought "for the reason that the defendant (Chaplin) was reputed to be wealthy and they (Miss Barry and her mother) believed the defendant would make a cash settlement rather than be compelled to stand trial on the allegations of the complaint."

The state supreme court recently ruled in upholding superior court and appellate court decision, that Chaplin must face Joan's court suit although an agreement had been entered into before the child's birth that should blood tests prove Chaplin not the father the case would be dropped. The courts based their decision on the premise that an unborn child is entitled to its day in court.
